Present Increase In Radio Fee Is Last, M.P.'s Told

Unlikely Any Boost Above \$2.50 Can Be Made, Says Murray

Committee Hears Manager of CBC

OTTAWA — With the new higher radio licence fee to come into effect tomorrow, the radio committee of the House of Commons continued its inquiry into radio affairs today.

During the sitting Hon. J. Earl Lawson, Conservative, South York Ontario, again protested, as he did last week, against witnesses presenting extracts from documents which were not made available in their entirety. At the time W. E. Gladstone Murray, general manager of the Canadian Broadcasting Corporation, was being examined.

"I want to protest in the strongest way against the reading of excerpts from documents without giving the committee full access to their source," Mr. Lawson said. All legal members of the committee, he said, would realize "this is a highly improper method that has never been adopted in courts or committees."

LETTER WANTED

Mr. Murray had been asked to submit to the committee a copy of the letter written to the government recommending the increase in radio licence fee which will be enforced from April 1. He replied there had been a number of letters containing confidential information it would be "highly dangerous" to publish. He had written a précis containing his own interpretation of those parts of the correspondence not confidential.

Mr. Lawson was taken to task by J. G. Turgeon, Liberal, Carleton Place, Ont., who declared the south York member was assuming only members of the legal profession were capable of understanding the proceedings of committees.

A. M. Edwards, Conservative, South Waterloo, Ont., thought the full texts should be given. "What are we here for?" he asked, and Mr. Lawson suggested it was "to whitewash."

Mr. Murray read his précis, which showed that, after discussing several alternative ways of financing the corporation, the government was asked to increase licence fees for receiving sets from \$2 to \$2.50 a year.

STOWAWAYS ARRESTED

VANCOUVER (CP) — City police arrested eight stowaways who had traveled only 40 miles. The men were removed from a Canadian Pacific transfer barge when it reached here last night from Ladysmith.

THE WEATHER

VICTORIA, 5 a.m. today—Pressure continues high over British Columbia and temperature is rising in the far north while fine weather prevails in all parts of this province accompanied by light frosts. Snow has been general in the prairie provinces.

AUTO TOLL UP 100 PER CENT

Accident Toll For First Two Months in B.C. Shows Huge Increase

Death and injury on the highways of British Columbia are still mounting sensationally, provincial traffic headquarters said today, releasing accident figures for the months of January and February.

Deaths were doubled in that time, the injured increased nearly 40 per cent and the amount of damage done in collisions was higher by over 45 per cent.

Part of this increase, traffic experts explained, was to be expected because of an increase of around 12 per cent in the number of cars licensed. But the accident toll mounted in much greater ratio.

The following table shows the accidents and results in the first two months of the year, with the percentage of increases.

	1937	1938	Increase
Accidents	1,037	1,230	18.6%
Injured	2,221	3,077	38.5%
Deaths	9	18	100%
Property Damage	\$45,281	\$66,783	47.6%

Statistics on car registrations have not been completed, but the increase is around 12 per cent.

Town Burns As Chinese Battle

SHANGHAI (AP) — Hand-to-hand fighting raged in the streets of Taichung Thursday as the 17-day battle between Japanese and Chinese along the Tientsin-Pukow railway went on without decisive result.

Taichung, located on a narrow-gauge branch railway east of the main line, was in flames.

Meanwhile, a new Japanese thrust at the vital east-west Lushan railway corridor was directed from the south in hitherto unopposed north Kiangsu province.

Foreign military observers said a strong Japanese column had advanced more than 80 miles from Nantunghow, on the Yangtze River north of Shanghai, since March 17, and was moving against Luchang, 100 miles south of the Lushan.

Cause of Explosion in Coal Pit at Hinton Not Yet Learned

HINTON, Alta. (CP) — Five men lost their lives and five are recovering from injuries received in the first mine explosion in this coal mining area 165 miles west of Edmonton.

The explosion occurred Wednesday afternoon and the cause has not yet been determined. Four of the men were believed to have been killed instantly at the 800-foot level below the surface, while the other died after struggling 200 feet toward the entrance.

Those killed were Tony Pastushak, Martin Sprela, George Bicha, William Ilecka and Peter Phillips.

The injured men are William Aitken Sr., Thomas Baumbartner, Gus Kube, Jonas Pello and Reginald Williams.

ARE RECOVERING
All of the injured were reported this afternoon to be recovering from burns and other injuries. They are receiving medical treatment here.

The explosion occurred at about 4:30 p.m. The bodies of the five killed were all recovered by 8 p.m.

Where Big Bomb Fell in Barcelona

The enormously-destructive force of delayed-fuse bombs, that crashed through whole houses and exploded in the cellars during Francoist-fliers' raids recently on Barcelona, provisional loyalist Spanish capital, left almost 1,000 bodies of men, women and children for rescue workers to dig out of the ruins. But, as indicated in the picture above, the white-hatted ambulance squads frequently had little to do except stand by in the hope that a few victims might be found still alive.

Revenues At New High Mark As B.C. Ends Fiscal Year

Townsendites' Suit \$27,000,000

CHICAGO (AP) — Twenty-four men and women accused of injuring the reputation of Dr. Francis E. Townsend and other members of his old-age pension movement are named in a \$27,000,000 damage suit filed in federal court here today.

The action was brought by Huston H. Marrs of Denver and other supporters of the Townsend plan.

The suit asks a total of \$15,000,000 actual damages from all defendants and \$500,000 punitive damages from each of them.

The bill accused Robert E. Clements of Los Angeles, a defendant and former officer of the movement of originating a plan to "wreck" the pension organization in 1936.

Semi-mobilized Italy New Plan

Mussolini Meant What He Said Yesterday, Declare Fascist Officials

ROME (AP) — Premier Mussolini's declaration he intends to keep Italy semi-mobilized "regardless of cost" was no mere oratorical gesture, Fascist officials declared today.

The Duce's speech in the Senate yesterday tended to quicken Italian war preparation, although authorized spokesmen said he had no specific conflict in mind.

When he spoke of "tomorrow's war" and advised city dwellers to move to the country, they said, he was "exposing the situation of today in a purely technical speech."

Estimated Treasury's Collections For 1937-38 Over \$30,000,000

Income taxpayers, automobile owners, liquor drinkers and industries generally have been pouring revenues into the provincial treasury at a record rate for the last 12 months, and as the government's fiscal year 1937-38 came to an end today collections stood at the highest point in the history of British Columbia.

Details of the big revenue are closely-guarded by the treasury and will not be revealed until the government meets the Legislature in the fall. Treasury officials said they were not even prepared to make a guess at the total. Unofficial estimates placed it at \$30,000,000 with the possibility it might reach \$31,000,000.

In practically all the major sources of revenue money has been received stronger than in fiscal 1936-37 which achieved the previous high record of \$28,102,612. The government's estimated collection of \$26,469,341 which was based largely on the revenue of two years ago, is far exceeded.

The treasury itself probably will not know for some weeks the exact total of its revenues since the books must be tallied up after the close of business today. However, as far back as last November Hon. John Hart, Minister of Finance, predicted a revenue of \$29,000,000 and from all indications this estimate was conservative.

The income tax, producing one-quarter of the government's total revenue, has gained substantially over the previous year. Against a collection of \$6,777,424 in 1936-37, this year's total is over \$7,500,000, it is believed. Income tax payments are regarded as a good yardstick of business generally.

MILLIONS FROM AUTOS

Automobile owners contributed about one-fifth of the treasury's revenue.

K. Vaogoin Is In Jail in Austria

VIENNA (AP) — It was learned from reliable sources today that Karl Vaogoin, Austrian defence minister under the late Chancellor Engelbert Dollfuss, is under arrest on charges of corruption.

It was stated Vaogoin was especially involved in the Phoenix scandal—he was a vice-president of the largest Austrian insurance company, which crashed two years ago.

(Vaogoin previously was reported to have escaped into Hungary, March 12 when Adolf Hitler seized control of Austria.)

Agreement At Auto Plants Ends

DETROIT (AP) — A one-year agreement between the Chrysler Corporation and the United Automobile Workers expired today, and the company posted notices in its Detroit plants saying the management had been informed of "plans for a 'stop-work' strike in the Plymouth plant on Thursday or Friday."

A spokesman for U.A.W. asserted, however, that "the U.A.W. is not calling a strike," and said the union had learned that non-union Plymouth employees were circulating cards advocating a strike.

Warrants Out For Two in Vancouver

VANCOUVER (CP) — Sergeant J. Parsons said today city detectives had determined the identity of three East Indians who were connected with an attempt to extort \$10,000 from Kapoor Singh, wealthy Sikh lumberman with extensive holdings on Vancouver Island.

Sergeant Parsons said warrants had been issued for two of the suspects and that the third was sought for questioning.

Last Monday afternoon an East Indian entered Kapoor's automobile on a Kitsilano district street and handed him a note demanding \$10,000. Kapoor grappled with the man and made him drop a loaded revolver. The East Indian fled before police arrived.

VANCOUVER (CP) — The transportation bureau of the Vancouver Board of Trade has decided to urge the Post Office Department to establish as soon as possible regular air mail service between Vancouver and the Zeballos goldfield on the west coast of Vancouver Island.

Big Search For Missing Fliers

U.S. Naval Ships and 240 Planes Hunt For Six Men Near Honolulu

HONOLULU (AP) — The United States navy had 240 fighting planes and numerous surface vessels searching northwest of Oahu Island today for six naval fliers who vanished last night in an old-style bombing plane.

At the same time it became known eight sailors had been injured, three seriously, and four boats had been wrecked in the landing of 1,400 men at Lahaina Roads in connection with the current Pacific manoeuvres.

Nine boats were swamped in the surf.

Disappearance of the bombing plane occurred only a few hours after one of the navy's newest bombers had crashed at sea, also off the northwest shore of Oahu, with a loss of five men. The two others aboard survived.

Bodies of two of the victims were recovered by salvage craft. One was identified as that of Lieut. L. O. Crane of Nashville, Tenn., in command of the plane. The other body was not identified.

CREW MEMBERS

The flying boat which vanished yesterday was identified as TVP13, in command of Lieut. Charles Singer.

Members of his crew were: Aviation cadet, R. J. Barabina; P. B. Pancoast, aviation machinist mate; J. A. Bingham, aviation machinist mate; C. T. Williamson, radioman; C. R. Culundsen, radioman.

A naval spokesman said the plane undoubtedly had been forced down at sea. Radios were tuned to pick up any call from the flying boat, but after a night of listening the spokesman said "nothing was picked up from the plane."

Failure to hear from the craft, he said, "does not mean we are abandoning hope." The plane was lost while maneuvering with five other aircraft through bad weather, which made flying conditions extremely hazardous.

New Regulations In Textile Field In Canada Urged

Turgeon Report on 1936-37 Inquiry Into Industry Tabled in Commons

OTTAWA (CP) — Responsibility to the community of employers in tariff-protected industries is emphasized in the 180,000-word report of Mr. Justice W. F. A. Turgeon on the textile industry tabled today in the House of Commons by Finance Minister Charles Dunning. The report contains findings resulting from the inquiry into Canada's textile industry that lasted from March, 1936, until March, 1937.

Commissioner Turgeon, who devoted much of his report to labor relations, recommends shorter hours of work, uniformity in piecework payments, and in view of the fact that industrialists have themselves become grouped in trade associations, recognition of the workers' right to

do the same thing. He urges development of "the processes of collective bargaining."

Effective publicity as a means to counter efforts at deception regarding costs, profits, stock watering, secret reserves and other elements disclosed during the investigation is recommended. By this means the commissioner would curb also activities of industrialists who promote propaganda with a view to restricting competition.

Tomorrow it will be partly cloudy, with fresh to strong easterly winds.

DEATH TOLL OF STORM 27

Losses in Illinois, Kansas and Three Other States \$1,000,000

COLUMBUS, Kas. (AP) — Five tornado-stricken midwestern states counted 27 persons killed and nearly 250 injured today. Unofficial estimates of the damage passed the \$1,000,000 mark.

The twisting storms, laden with hail and torrential rain, struck hardest in central Illinois, where at least 10 were known dead. Next hardest hit was southeastern Kansas, where seven, including three children, were killed.

The Kansas storm struck about noon yesterday. It started in northeastern Oklahoma and later knifed into southwestern Missouri. Five were known dead in Missouri storms.

About sundown what apparently was a separate storm twisted across Illinois from the southeast, dipping to earth in the Pekin area. Rushville and Astoria also were hard hit.

Another twister lashed at Heber Springs, Ark., killing four persons. Then it swung up through southeastern Missouri, accounting for three of Missouri's dead at Neelyville.

An earlier Arkansas blow had killed a woman at Conway.

The three-mile wide Illinois storm left an estimated 85 persons injured. Six of the dead were at South Pekin. Mrs. Roger Morris was killed when her home was destroyed.

Four others were hurled from a railroad trestle 50 feet to their deaths.

LONDON (AP) — Viscount Halifax, Britain's Foreign Secretary, told an international audience today "the English people have never remained, and I think never can remain aloof from what is happening in Europe."

As he struck his blow at British advocates of a policy of extreme isolation, the government laid before envoys of Europe's major powers new proposals for achieving early withdrawal of foreign troops from the war in Spain.

Speaking at a luncheon of the Foreign Press Association, attended by several foreign ambassadors and ministers, Lord Halifax said:

"They (the English people) may have their moments or moods in which they like to persuade themselves they can keep out of it, but when it comes down to hard facts I venture to assert they are too sensible to allow those moods to color their judgments."

"This nation intends to be strong and to go on building up its strength. . . . In order that it may make its voice powerfully heard in the councils of Europe."

NEW FORMULA

The British plan to end foreign intervention in Spain, where insurgent armies—with Italian and German aid—are sweeping toward the Mediterranean and apparently toward final victory, was submitted today to the chairman's subcommittee of the Non-intervention Committee in its first meeting in nearly two months.

Informed persons said Great Britain proposed first, a "new formula" for deciding when belligerent rights should be granted the warring factions; second, restoration of control on Spain's frontiers.

Faced with an opposition notion of censure on its Spanish policy, to come before the House of Commons next Monday, the government was believed eager to obtain quick action.

Seventh Death Caused By Serum

Another Woman Succumbs at Orlando, Fla., Where Cancers Treated

ORLANDO, Fla. (CP) — A seventh woman died today while a coroner's jury assembled medical witnesses in an investigation of a series of deaths which followed injections of a Canadian-made serum in cancer treatments.

Mrs. F. E. Mooney, 63, of Winter Park, Fla., died early today. Six women who had been given injections of the serum died Wednesday. Four other persons are in hospitals with symptoms resembling those of tetanus.

Dr. T. A. Neal said the seven dead and four presently ill had been given injections at his clinic. The serum came from one bottle. Physicians said one other person may have been treated from that container.

As a coroner's jury began an inquiry, in which the federal food and drug administration, the American and county medical associations and the board of health joined, Dr. Hendry Connell, Kingston, Ontario, physician who discovered the serum, expressed belief the bottle had been contaminated.

His belief was echoed by Dr. T. A. Neal, who said he had such

Roosevelt Denies Dictator Move

Scores Opponents of His Re-organization Plan For U.S. Administration

WARM SPRINGS (AP) — President Roosevelt, charging organized opponents of the United States government's reorganization program had "planted bogies under every bed," asserted in a letter made public today he had "no inclination to be a dictator."

The letter, addressed to an unnamed friend under date of March 29, urged approval of the bill for reorganization of government branches, "in its present form" and replied to charges that the legislation would make him a dictator by asserting, "As you well know, I am as much opposed to an American dictatorship as you are, for three simple reasons:

"(A) I have no inclination to be a dictator.

"(B) I have none of the qualifications which would make me a successful dictator.

"(C) I have too much historical background and too much knowledge of existing dictatorships to make me desire any form of dictatorship for a democracy like the United States of America."

The letter was made public by Secretary Marvin McIntyre early this morning. The President made his decision while resting from a 120-mile motor trip to and from Fort Benning late yesterday to inspect the troops and equipment of the noted infantry post.

NAME NOT GIVEN
The name of the President's correspondent regarding reorganization was withheld because McIntyre said in a prefatory statement "he did not write for publicity purposes."

The letter was dated the same day the President asserted at a press conference that Senate passage of the reorganization bill proved that body "cannot be purchased by organized telegrams based on direct misrepresentation."

FIVE DIE IN BLAST IN ALBERTA MINE

(Continued from Page 1)

Four of the bodies were found at the site of the explosion and that of Tony Pastushak was found at a cross-cut which he had followed in attempting to escape. Dr. J. W. Bridge of Edson was at Hinton when the explosion occurred. Nurses to assist him were sent from Edson by Dr. M. E. Tiffin.

RESCUER BURNED
William Aitken, the fireboss, was in the mine at the time of the blast. He entered the room where the explosion occurred and brought out the injured. Aitken was badly burned about the hands as he fought the flames to bring them to safety.

The mine has a depth of about 1,000 feet, with a slope tunnel using a cable incline hoist. The injured were semi-conscious when they were brought up the hoist to the surface a short time after the explosion.

Hinton has a population of about 300 and about 60 men are employed at the mine, which was started about five or six years ago by Frank Seabolt, now principal shareholder and resident on the mine property.

The day and the night shifts were changing when the explosion occurred. The total number of men in the mine at the time has not been learned.

LEAVE FAMILIES.
Sprela is survived by a widow and four children. Pastushak is survived by a widow and one child, and Ilecka is survived by a widow. Blecha and Philipino were unmarried.

A. A. Miller, chief inspector of mines, left Edmonton today for Hinton to conduct an investigation into the explosion.

Dr. M. E. Tiffin returned to Edson today after assisting Dr. Bridge, who will remain in Hinton with Nurse Marjorie North of Hinton and Nurse Geraldine Cashman of Edson to care for the injured men.

Eddie Cantor Now Has Bodyguard
WASHINGTON (AP) — Eddie Cantor, screen and radio comedian, declaring Adolf Hitler "has made it his business to exterminate Jewry," told a dinner audience here last night his life had been threatened and that he had a bodyguard in Hollywood.

Urging 1,000 guests at a Hadassah Society fund-raising dinner to give more time to combating movements against Jewry, Cantor said:

"Even in Hollywood, where the motion picture industry is run by Jews, I have a bodyguard."

The comedian said his radio sponsors "have been told I was using the radio for Jewish propaganda and have been threatened with a boycott of their products."

PRESENT INCREASE IN RADIO FEE IS LAST, M.P.'s Told

(Continued from Page 1)

QUOTATIONS AVAILABLE
Mr. Murray offered to bring the committee the actual quotations from the correspondence dealing with the recommended increase. He said it was the opinion of the corporation that whatever increase was made at this time, it could never be increased again.

Mr. Edwards declared "we cannot gratify a champagne appetite on a beer purse." He asked why the corporation did not get its necessary revenues from advertising of the type now being carried.

LISTING OF SETS
G. B. Isnor, Liberal, Halifax, urged the corporation to enter on some systematic method of ascertaining exactly how many radio sets were actually in use.

H. J. Barber, Conservative, Fraser Valley, thought a considerable increase in revenue could be effected by more strict surveys of the sets in use. He was convinced there was a large number of radio users who had never paid a license fee.

Mr. Murray tabled a copy of the talk given over the CBC chain March 6 last by G. V. Ferguson, managing editor of the Winnipeg Free Press, commenting on British foreign policies, but this matter was not discussed. The manuscript was submitted at Mr. Lawson's request.

In response to a question from Mr. Woodsworth, the witness gave details of the refusal of the CBC to permit broadcast of a venerable disease lecture by Dr. Luke Teske in Toronto.

Mr. Murray had doubted the accuracy of some statements in the proposed address, and had felt further an isolated address on this subject was not advisable in view of the fact discussions were going forward with the Eugenics Society of Canada for an authoritative series of broadcasts.

NEW REGULATIONS
From tomorrow onward purchasers of radio sets will be required to produce or buy a license before dealers may deliver their purchases, according to an order of the Transport Department proclaimed in an extra issue of the Canada Gazette last night.

The order makes it an offence for a person to install or operate more than one set in his home without obtaining extra licenses. It makes it unlawful to operate a set that emits radiations interfering with reception of other set owners.

Dealers and service men are prohibited from servicing or repairing sets unless the owner can produce licenses entitling them to operate the sets.

LAST-HOUR EFFORT TO CLEAR SPAIN OF FOREIGNERS
(Continued from Page 1)

The central army worked its way through the suburbs of Lerida, ancient city and fortress, 80 miles from Barcelona and but 45 miles from the coastal city of Tarragona.

The right wing, 42 miles to the south, menaced Gandesa, an outpost also on the road to Tarragona. That force already had crossed the Algas River, five miles west of Gandesa, and was slightly closer to the coast than the army investing Lerida.

Insurgents were attempting to surround and isolate the government garrison in Lerida, the castle that defends the Segre River valley which has been described as the "gateway" to Barcelona.

The city was virtually deserted by civilians. The defenders had blown up electric plants inside its walls, and yesterday a smoke pall lay about it.

The government forces blew up a huge dam and opened floodgates in the Cinca River valley, temporarily flooding insurgent bridges thrown up in the advance. Two international brigades, including American volunteers, were reported brought from Madrid and other sectors to stem the advance upon the historic city.

BIG MAJORITIES IN COMMONS

OTTAWA (CP) — The government this afternoon defeated two motions of censure brought against it by the Social Crediters and the Conservatives. By a vote of 168 to 43 it turned back a sub-amendment of Conservative Leader Bennett to a Social Credit want-of-confidence motion. The House then defeated the main motion, an amendment to a motion to go into committee of supply, downing it 157 to 63 in a vote which saw Conservatives, Social Crediters and Cooperative Commonwealth Federation members team together.

NEW REGULATIONS IN TEXTILE FIELD IN CANADA URGED

(Continued from Page 1)

It caused distress and alarm, says the report, and was "calculated to impress the government with the necessity of acceding at once to the request put before it by the delegation."

(This was the delegation which in January, 1936, saw a sub-committee of the cabinet and pleaded for government action on the ground Japanese competition in textiles was resulting in cancellation of orders.

SEEN AS PRIVILEGE
Mr. Justice Turgeon suggests Parliament should consider extending provisions of the customs tariff to make concerns enjoying protection realize that such protection is a privilege which may be withdrawn if they fail to discharge their responsibilities to the public.

REVENUES AT NEW HIGH MARK AS B.C. ENDS FISCAL YEAR
(Continued from Page 1)

income. With their ranks at a new high mark during the year, it is estimated they paid about \$8,000,000 by way of license fees and gasoline taxes, against \$5,946,000 in the previous year.

Consumers of beverages from the government liquor stores put up another large proportion, which probably amounts to around \$4,000,000, as compared with \$3,607,315 in 1936-37.

Upwards of 10 per cent of the total revenue has come from the timber industry, which contributed close to \$3,000,000 the previous year. This has been maintained and augmented in the last few weeks by the rush to restate unpaid timber licenses.

It will be three months yet before the treasury knows the exact effect of the big revenue on the province's budget situation. The public accounts do not finally close until June 30, when the final accounting begins.

ALL ORDINARY EXPENSES PAID

However, it is a foregone conclusion that a substantial revenue surplus will be left after all the ordinary costs of government are paid. Estimates of expenditure for the year are \$26,390,594. These may be exceeded in some particulars, but there will still be a big margin left after all bills are settled.

The government's fiscal policy has been to apply the whole of its revenue surplus toward the cost of unemployment relief. The relief bill thus becomes the key to the budget position. After using up its revenue surplus the province borrows the rest of the relief costs from Ottawa.

LESS RELIEF LOANS

The decrease in relief rolls during the last 12 months, combined with the apparent big revenue surplus, was taken today as indicating that relief borrowings for the Dominion will be the lowest for the last six or seven years. In 1936-37 the province got \$2,950,000 in relief loans from Ottawa, and it is a possibility this will be reduced to around \$1,000,000 for the year ending today.

Over and above these items, the treasury deferred sinking fund payments to the amount of \$2,500,000. Thus there is still a gap of a few millions before the province is paying every obligation out of current revenue.

Alberta Farmers Counting Losses

Livestock Being Rounded Up and Counted After Big Blizzard

CALGARY (CP) — Prairie farmers today were counting their losses from a blizzard which fiercely lashed the plains and left two men dead.

As the storm abated the frozen body of A. Skjelbred, 60-year-old Staynor Hall, district farmer, was found beside a road near East-end, Sask. It was believed he died of exhaustion while fighting his way home through the storm.

Vincent Collins 50, was killed at his farm 50 miles southeast of Lethbridge yesterday when the roof of his barn caved in. His 15-year-old son, Johnny, also was caught under the falling timber, crushed by the weight of storm-driven snow. The boy was injured critically.

TOOK SHELTER
Fear felt for the safety of others in the storm-stricken area were allayed when reports came from scattered farmhouses that they had found shelter from the storm.

A. H. Goodall, Calgary lawyer, accompanied by his driver, reached Calgary last night after making their way through huge drifts from the place where their car had become snowbound Tuesday night.

FLOUGES USED
Government road crews with big snowploughs worked to clear main highways today, but it will be several days before the secondary roads are cleared. Many farm homes are completely isolated.

Ranch hands in the foothills country were on round-up duty today, riding their horses through waist-deep snow in search of missing stock. No serious losses have been reported so far, but it may be days before a complete check is made among the smaller ranches and farms.

A Canadian National passenger train was still marooned at Oyen, Alta., 195 miles southeast of here, this forenoon. It had been storm-bound there for more than 24 hours with its 19 passengers bound for Calgary.

The passengers were not worried as they had plenty of food, railway officials here said. Townspeople entertained them yesterday at a home near the station when an afternoon musicale was held, the train porter, Rob Strong, acting as accompanist.

THREE BRITISH FLIERS KILLED

LINCOLN, Eng. (CP-Havas) — Three persons were killed today when two planes crashed in mid-air, 500 feet above Southampton, Lincolnshire.

All three were Royal Air Force fliers—Pilot Officer Tyrell of London, Sergeant Davies of Leicestershire and Aircraftman Scoberg of Glamorgan.

SON, YOUR MOTHER IS A MAGICIAN!

Hubby and his pal are dumping the slickest lemon pie that ever made their mouths water. The filling's perfect—lemon-tangy Creamy! ... just right—and you can work this magic with Eagle Brand Sweetened Condensed Milk. Read this miracle recipe and you will find that you don't even have to cook the pie filling! And—P.S.—since the recipe never fails, you run no risk of wasting ingredients.

MAGIC LEMON PIE

- 1 1/2 cups (1 can) Eagle Brand Sweetened Condensed Milk*
- 2 eggs, separated
- 2 tablespoons granulated sugar
- 1/2 cup lemon juice
- Baked pie shell (8-inch)
- Grated rind of 1 lemon or 1/4 teaspoon lemon extract

Blend together Eagle Brand Sweetened Condensed Milk, lemon juice, grated lemon rind or lemon extract, and egg yolks. Pour into baked pie shell. Cover with meringue made by beating egg whites until stiff and adding sugar. Bake in a moderate oven (350° F.) 10 minutes or until brown. Chill before serving.

*P.S.—Ask for it by name—EAGLE BRAND, the Magic Milk!

TEST VOTE IN BRITISH HOUSE

Labor Next Monday Will Offer Motion Scoring Foreign Policy

LONDON (CP-Havas)—Prime Minister Chamberlain told the House of Commons Wednesday night he was "not aware" of any German plans to maintain troops in Spain pending satisfaction of Germany's colonial demands.

Major James Milner, Labor, one of seven British parliamentarians who witnessed insurgent bombardments in Valencia and Madrid last January, asked whether the government had obtained a commitment or assurances from Berlin regarding territorial designs on Spain.

Mr. Chamberlain said Germany's plans were not clearly apparent, but he reminded the House that Chancellor Hitler, in his February 20 Reichstag

speech, declared Germany had no interests of a territorial nature in relation to the Spanish civil war.

Next Monday Labor is to submit a motion of censure on the government, one of its series criticizing foreign policy. Rt. Hon. Arthur Greenwood will offer the following resolution:

"That, as the foreign policy of His Majesty's Government cannot arrest the dangerous drift towards war and is inconsistent with their election pledges, this house is of the opinion that the issue should be submitted to the country without delay."

B.C. URGED TO SAVE FORESTS

E. H. Simpson, Visitor, Contrasts Province With Norway and Sweden

VANCOUVER (CP)—Edgar H. Simpson, a visitor from Oslo, Norway, says the governments of Sweden and Norway would never allow their forest trees to be "wrecked and burned" as they are in British Columbia. He declares the taxpayers should do something before it is "too late."

"British Columbia is approaching a crisis similar to that which occurred in Sweden several years ago when the government found it necessary to take strong measures to stop the wholesale destruction of forest trees," he said in an interview yesterday.

"Nowadays," he continued, "even the school children of Norway and Sweden are taught to plant seedlings with a view to replenishing the forest lands in years to come. Some such scheme should be promoted in the schools over here."

"The way you care for your forest trees is heartbreaking," he said. "The visitor, of British nationality, has been traveling in Scandinavia for 37 years, representing a London firm."

PLOTTERS JAILED IN URUGUAY

MONTEVIDEO, Uruguay (AP)—A military plot to depose President Gabriel Terra and prevent his elected successor, Gen. Alfredo Baldomir, from taking office was thwarted with the arrest of five leading conspirators, according to government officials.

General Baldomir, a brother-in-law of President Terra, won a clean-cut victory in last Sunday's presidential election and will take office June 18.

The plot was attributed to followers of a defeated candidate, Dr. Eduardo Blanco Acevedo, who is related to President Terra by marriage. Terra's son is married to a daughter of Blanco Acevedo.

Authorities Wednesday arrested four army colonels and the Montevideo police chief as the main conspirators and dismissed them from their posts.

RAIL INQUIRY BY SENATORS

Committee Will Report On Possible Solutions of Canada's Problem

OTTAWA (CP)—A special committee of 20 senators will investigate Canada's railway problems. This was decided Wednesday when the Upper House adopted the motion of Senator F. B. Black, Conservative, New Brunswick, made in amendment to the resolution of Senator C. P. Beaulieu, Conservative, Montreal, which called on the government to relieve the country of its railway burden.

Debate on the railways had been in progress for the past month in the Senate with the whole issue of amalgamation thrown into the arena. Adverses delivered throughout Canada by Sir Edward Beatty, president of the Canadian Pacific Railway, were extensively quoted and Sir Edward's pronouncements on "joint management of the roads were approved by some senators and attacked by others."

Yesterday Government Leader Raoul Dandurand declared against unification of the Canadian National Railways and the Canadian Pacific Railway, believing joint management could not accomplish more than had been attempted by the committee established for the purpose of effecting co-operative economies.

MEIGHEN'S POSITION
Rt. Hon. Arthur Meighen, Conservative leader, asked that the whole issue be examined. He repeated his distaste for amalgamation if that meant unification under government ownership. He had been impressed by what was achieved by the British railways and hoped adoption of a similar system might bring advantageous results to Canada.

Only by having the railway matter investigated by a committee would the country be in a position to decide between co-operation and unified management, said Senator Dandurand. No one was bound by the statements made by Sir Edward Beatty.

"We know he has been carrying on a campaign primarily in the interests of the Canadian Pacific Railway," the government leader said. "But there is one thing that dominates the country to a much larger extent than Sir Edward Beatty of the C.P.R., and that is the general interest of Canada."

One of the tasks confronting the committee would be to obtain details of the general statements made with respect to the contemplated saving of \$75,000,000 annually through unified management.

In that respect Sir Edward continued to deal with generalities, Senator Dandurand said. So far he had had the entire field to himself, inasmuch as no officials of the C.N.R. had laid their case before the public. In many cases they were in opposition to the conclusions drawn by Sir Edward, and these points of divergence would have to be tested by the Senate committee.

to alleviate its railway burden by adding to its taxation burden.

There was little similarity between Sir Edward Beatty's plan of unification and the British system beyond the fact that each was preceded by confident prophecies of large scale economies based on generalized and theoretical grounds, Senator Dandurand said.

In the British case those large scale economies had not been realized.

ARGUMENTS HEARD

Senator Meighen commented on "the practice of officials of the C.N.R. making themselves champions of the continued separate existence of that system," Senator Meighen said. "I don't know who prepared the memorandum from which Senator Dandurand quoted during his speech today, but I have a very good idea. My idea is that it was an official of that system. I do not appreciate the practice on the part of high-salaried officials of the C.N.R. making themselves protagonists through this country on that subject."

"They have stood aside for years listening to Sir Edward Beatty's assaults on the act of 1933," rejoined Senator Dandurand. "They have been seeing him carry on a campaign for unification which has had the effect of belittling the C.N.R. and of imperiling the morale of thousands of men along that line."

With Senator Murdoch withdrawing his sub-amendment, the amendment of Senator Black carried unanimously.

The committee named immediately afterward included among members Senators Dandurand, Meighen, Black and McRae (Vancouver).

WIDOW IS TO RECEIVE \$118

BELLINGHAM, Wash. (CP)—The widow of Edward McMullen, Canadian slain in a gun battle with United States customs officers at nearby Blaine in May, 1936, will receive \$118 of the \$706 found in her husband's possession after the shooting.

This was disclosed in a report filed Wednesday by Dr. A. M. Sonneland, administrator of the estate. The remainder of the money was paid in claims, principally to doctors who tried to save McMullen's life.

McMullen, one of the Norman "Red" Ryan gang of Ontario bank robbers, was mortally wounded by a bullet from his own gun after he had shot a customs official to death at the border customs station. His death followed by less than 24 hours that of Red Ryan, killed in a Sarnia, Ont., liquor store holdup.

PIONEERS MEET IN VANCOUVER

VANCOUVER (CP)—Provincial and city officials paid tribute at the annual banquet of the Vancouver Pioneers' Association to the men and women who have watched the city grow within their lifetime.

Lieutenant-Governor E. W. Hamber pointed to the pioneers

as "the real foundation of this city and our Canadian nation."

The Lieutenant-Governor intimated he would retire from public life at the expiration of his term of office.

Rev. J. G. Brown, principal of Union Theological College, declared the return to the virtues and spirit of the pioneers was the greatest need in the world today.

Other speakers were Mayor George Miller, Rev. E. D. Braden and Mrs. Fred Walsh, president of the Women's Auxiliary.

What Napoleon Said

THE CABLES TELL US TODAY THAT the whole of the Fascist press is applauding joyfully Premier Mussolini's assurance that Italy is matching strides with other contenders in the world rearmament race. It is not necessary to say that Mussolini's newspapers are pleased with Mussolini.

Il Duce told the world yesterday that Italy did not intend to be lulled into any sense of false security merely because she had done so much. On the contrary, he says it is "precisely because much has been done, it is necessary to tell ourselves that still more remains to be done and that we shall do it, whatever the cost." He chose this language to drive home his point: "By arming further we intend to assure general peace, but, above all, 'our peace' . . . we reject illusions and utopias and for this reason we left the shop that sells them (Geneva). Then out went Mussolini's chest when he recalled that Napoleon once said that Italians would become one day the world's greatest soldiers. It might be mentioned, however, that when Napoleon made his prediction he was not to know that Italian soldiers would have an opportunity at Caporetto to show its "greatness." In those October days of 1917 the soldiers of Italy showed how well they could run—when the Austro-German attackers were chasing them to their great disaster.

These "greatest soldiers" of Mussolini, of course, have had a good deal of practice with modern equipment in recent years. They got their innings in Ethiopia and gradually overcame native tribesmen who fought bravely, stubbornly, and long under more or less "bow-and-arrow rules." Several months ago, of course, Italian legions in Spain were soundly whipped by Loyalist troops who were by no means armed on even terms with the Italian invaders.

Bombast may satisfy the home front and keep it in good humor—for a time. What must be in the back of the mind of Premier Mussolini, however, is the fact that he soon will be called upon for a reckoning with a certain section of the Italian people as continual tightening of their belts causes them a type of discomfort that may carry with it open revolt.

Italy is sorely in need of money—or what nowadays passes for money—raw materials, and the manifold essentials to the establishment of a war machine such as Signor Mussolini visualizes. No doubt he is hoping to be able to depend upon a friendly Britain. Her aid, of course, obviously would be more practical than any inspiration he may derive from Napoleon's prophecy.

For New Homes

IT IS SATISFACTORY TO LEARN THERE has been a good response in British Columbia to the opportunities offered for citizens to become homeowners under the Dominion Housing plan, which releases \$18,000,000 in this province on conditions that make it possible for working men on average salaries to own their own homes. It may be said, in fact, that it makes it possible for every man to own his own home, for the terms of the building loan are such that the payments are no more than ordinary rent payments.

Eighty-four per cent of the money used for building goes into labor directly and indirectly, and 80 per cent of the material is produced in British Columbia, so it can readily be seen the plan is one that should go a long way in relieving the unemployment problem in this province.

Under the act it is anticipated 6,000 new homes will be constructed in British Columbia, and there are indications that Victoria will get its fair proportions. The city has hopes that many of its vacant non-taxpaying lots will be restored to the tax-paying roll and real estate men also report many inquiries since the act came into force. It should go a long way to replace the present unsatisfactory method of paying out relief money for no lasting benefit and at considerable costs to Dominion, provincial and civic governments, and return tradesmen back to the jobs where they are better employed for their own self-respect and the benefit of the country at large.

More "Nonintervention"

THE SUBCOMMITTEE ON NONINTERVENTION in Spain met in London today to try to find some means of getting the "foreign volunteers" out of that country. Leading military experts say Insurgent General Franco has now 75,000 Italian and German troops, with 700 airplanes, helping him. Naturally, therefore, Franco sends grateful thanks to Mussolini for his "heroic Italian troops."

Meanwhile, following the usual procedure of "after you," we presume the subcommittee will talk—and set another date to meet again—with most of its members inwardly hoping that Franco will settle the job as quickly as possible, assisted by the "heroic Italian troops."

By the way, the British government is reported to be dissatisfied with General Franco's expression of sorrow over the murdering by his bombers of innocents in Barcelona; so perhaps the insurgent generalissimo will repeat the phrase.

West Fulham

BRITISH LABOR HAS CHALLENGED Prime Minister Chamberlain to fight the West Fulham by-election solely on the government's foreign policy. The challenge has been accepted. In a letter to Mr. C. J. Busby, a 29-year-old coal merchant and Conservative candidate, the Premier said he recognized the chief issue would be the approval or condemnation of the policy in question. This contest has been occasioned by the death of Sir Cyril Cobb, government supporter, who won with a 3,500 majority over Labor in the general election of 1935. He will have as his Laborite adversary Dr. Edith Summerskill. Polling day has yet to be set.

Including the immediate post-war general election and the last test in 1935, there have been eight contests in the London borough of West Fulham. Sir Cyril Cobb won them all except in 1929—when the Labor Party elected 288 supporters out of a House of 615 and Mr. Ramsay MacDonald again became Prime Minister—Dr. G. E. Spero defeating Sir Cyril by 2,211. In a by-election in the following year, caused by the resignation of Dr. Spero, the former Conservative member regained the seat with a majority of 240. In 1931, however, it was a different story altogether: Sir Cyril romped home with a two-to-one victory. Of the eight elections held since the war, incidentally, four have been three-cornered contests and four straight fights between Conservatives and Labor. The Liberals were not a real factor in either fight in which they took part.

Although this contest in West Fulham—forgetting the disastrous Conservative defeat in East Fulham in 1933—is now being advertised as a fine test of the government's foreign policy, it would be exaggeration to suggest that a Labor triumph, even in such a traditional Conservative stronghold as this, would reflect the attitude of the country as a whole. It is nevertheless not too much to say that political opinion in this particular London borough is a representative cross-section. It follows, of course, that events any day may influence the judgment of voters who propose to mark their ballots according to their views on the single issue of foreign policy.

The Bald Facts

ACCORDING TO THE TOWN BARBERS there is chicanery in Chickasha, Okla., where bald-headed men have joined themselves together in the Brotherhood of Burished Browns and are vociferously demanding that barbers charge only for the amount of hair they cut. They object to paying 40 cents for a haircut—the same as the fellows with a lot of hair are charged.

Their demands at first seem eminently just, especially when they say they are willing to compromise and pay five cents more than the 20 cents for a neck clip. But the snap decision that the bald-headed men are right and the barbers wrong proves once more the fallibility of superficial reasoning.

It seems that the barbers do not like to cut bald-headed men's hair. One barber claims bald-headed men are too particular, afraid something will happen to one of their rare sprigs. Another declares that the glare from a bald pate is hard on the eyes and has made it necessary for him to wear glasses.

So if bald-headed men in Chickasha are going to insist on getting their haircuts at cut rates, they should at least be less persnickety and also try to do something about the occupational hazards they create in the ordinarily safe vocation of barbering.

Notes

Austria's 1938 fairy tale: Once upon a time.

It might be possible to cheapen houses by casting them all alike. For that matter, women's hats could be made cheaper that way.

There are almost 70,000,000 radio sets in the world—probably the reason some comedians think bad jokes should be given the air.

Will Hitler and Il Duce cry.
If time brings war and post-war taxes;
"We simply cannot tell a lie;
We did it with our little axis."

A college professor says "ain't" and "thing" are the two most overworked words of the day. Except in parts of Europe, where "Heil" and "Hitler" apparently take their place.

Neither Hungary nor Roumania, of course, appeals to Hitler as directly as Czechoslovakia with her 3,500,000 Germans already supposed to be dazzled by the swastika. Both countries are dictatorships already, both have been notable for anti-Semitic outbursts; both have rather flinty Germanies of late. Hungary, and the whole eastern half of post-war Roumania (Transylvania) were once ruled from Vienna. In general, neither is anywhere so near the sensitive nerves of France as is Czechoslovakia. But "Drang nach Osten" as a battle cry still has to be "sold" to German youth.

SO YOU WANT TO GAMBLE!

From Vancouver Sun
There were 1,774 winners in the Irish Hospital Sweepstakes of the Grand National on Friday.

But wait, before you rush out to buy a ticket on the next race. There were 5,490,230 losers.

If that takes your breath away, you can get it back with the comforting thought that total receipts were \$13,730,010, and that \$8,057,600 was paid out in prizes.

After all, you might have won. Let's see, 1774 into 5,492,004 goes 08 shucks, you do it. Decimals give us a headache.

But you might pin these figures upon the wall as a reminder for next time.

Loose Ends

By BRUCE HUTCHISON

NO JUSTICE

NATURE is a treacherous jade, without gratitude, without the least sense of justice. It is at this time of year that you realize her full perfidy. I mean to say, when you have worked all winter in the cold to please her; when you have propitiated her with good leaf mould and made offerings of the best barnyard stuff; when you have approached her on bended knee and grovelled on her wet soil and braved her frost and rain—when you have worshipped nature in your dumb unquestioning fashion all winter, you expect at least a little recognition at this time of year.

You expect something better than the people in the wicked city, who have ignored nature all winter and only ventured out when the sun got warm. But nature is a treacherous jade. All over the city, where people have ignored nature all winter, I find aubretia, most glorious of spring blossoms, growing much better than with us out here. Where we have worked over our aubretia all winter, feeding it, draining it, pruning it, tending it like a sick child, it doesn't compare with the profligate bloom in the garden of some ignorant city fellow who doesn't even know the name of it. Nature is a woman. The worse you treat her the better she treats you.

CUSTARD PIE

THE WORLD'S most eminent fat man, Mr. Goering, has lately scored a new high in oratorical obscenity. He has gone to Vienna and told the people there that Hitler has saved them from oppression and has restored democracy to them. This is an achievement of comedy which must have made the gods laugh. But then, the gods have been laughing so hard lately they are all sore through their middles.

Mr. Goering isn't the only comedian. Many of the best comedians speak in our own language and you can enjoy a lot of godlike laughter yourself, if you listen carefully. Indeed, after you have listened to a Japanese statesman announce that his country is defending itself from the dangerous Chinese; after you have heard an American statesman demand a quarantine of aggressor nations while shipping war supplies to Japan; after you have seen a British statesman get elected on a League of Nations platform; after you have watched the silent agony of a Canadian statesman trying to explain Canadian foreign policy to Parliament when there isn't any to explain, why then, you also can laugh yourself sore through the middle.

In fact, you are witnessing today the greatest comedy in history, the Divine Comedy which makes Dante's look like slapstick. You have a front-row seat to the most exquisite spectacle, the greatest drama, the wildest farce ever set upon any stage. Your life is just one sensation and one laugh after another, but I doubt very much that you appreciate it. I doubt that you realize how fortunate you are. People complain about these unhappy times. It is because they have no sense of humor. They are as humorless as the solemn comedians like Goering who are throwing the custard pies on the world's stage. Next time you're inclined to protest against the high cost of living, remember all the entertainment that is thrown in free these days.

APPLE JACK

THE PUBLIC prints now coming to hand indicate that the arrest of Mr. Whitney, white knight of Wall Street brokers, has cut pretty deep into the soul of the American nation. Nothing like it has happened in a century, they say. It is a bad break for Wall Street when the police carry off the man who led the fight against any interference or regulation by the government.

But while the public's faith has been seriously shaken in the honesty of Wall Street and the integrity of brokers in general, there is something much more serious in this business. It is the sudden revelation of Wall Street's complete stupidity.

Here was Whitney, president of the Stock Exchange, greatest figure in the Street, tycoon, financial wizard, regarded by all as the very essence of financial acumen, and what was the poor lad doing in secret? He was trying to amass a big fortune by making the American people drink apple jack, which is a kind of very bad whiskey. Apple jack ruined him. The American nation had enough sense to prefer Scotch or rye. It wouldn't take to apple jack. And there was the white knight of Wall Street working away, mortgaging his home, taking his clients' money, getting himself into jail in the hope of making the American people drink enough apple jack to give him a fortune.

There were some enterprises in "Alice in Wonderland" as jolly as this (as when the old man sitting on the gate sought to make vest buttons out of haddock's eyes in the silent night), but nothing surely in real life.

Whatever dishonesty Whitney may have incurred can be understood and perhaps forgiven. What appals one is the thought that the other fellows who are running Wall Street, running American finance, settling your future for you, making depressions and unmaking them, are probably no wiser than Whitney, are probably trying to run the economic system on apple jack.

Blessed are the poor. Directing a lot of servants is so much more bother than doing the work yourself.

SWASTIKA OVER THE DANUBE

From Richmond Times-Dispatch
The brave and charming city of Vienna, which has endured so many hardships and privations in the past two decades, is under the iron heel of Hitlerism. The light-hearted gaiety which made it one of the most delightful spots on earth, even in adversity, has been crushed at last by the horde from the north, and the obscene bawling of brutal storm troopers, clubbing defenceless Jews and chasing Catholics into alleys, has drowned out the music of Johann Strauss. Vienna and Austria, as the world knew them, are no more.

J.B.M.'s editorial comment in the Winnipeg Free Press on the Rowell Commission sessions.

VICTORIA—The Rowell Commission finished taking evidence here.

The British Columbia episode in this saga wound up in proper style with an exchange of compliments. Everybody was so amiable that a rendering of "Auld Lang Syne" or "Will Ye No Come Back Again?" would have been in order. The government here is so happy to see the last of the commission that the Parliament Building is handsomely festooned with shining light bulbs, an electrical display—ordinarily reserved for occasions like Christmas.

The last day here was Senator Farris's day. As counsel for the province, he summed up and embellished the province's case, with side-swipes at the daily press and the Vancouver Board of Trade, in a two-hour speech which was his best performance at the inquiry. The Senator's animadversions on the newspapers were in part a reply to critical comment in this column. As the British Columbia papers published similar opinions, there was perhaps something in the complaint that this province was rather narrow, legalistic and unhelpful in its first approach to the commission.

The Senator was anxious to erase that first impression. There was even a note of contrition in his remarks, a note rarely sounded by a citizen who is, from all accounts, practically the head of a dynasty in these parts. He assured the commission that no province was more anxious than British Columbia to be co-operative and patriotic. He sounded quite sincere. The parochialism of British Columbia is apparently not congenial but the product of topographical environment.

Mr. Farris went back over the argument for British Columbia's "special claims," answering, as he progressed, the questions put to him a few days ago by Mr. MacGregor Stewart, commission counsel. The heart of the claim is not given federal aid on the same scale or basis as other provinces. There seems to be some weight in the argument, but it will take a platoon of statisticians working night and day for a fortnight to get the figures straightened out.

British Columbia, according to Mr. Farris, objects to being classified among the provinces born with a silver spoon. He fears that Canadians are getting into the habit of lumping Ontario, Quebec and British Columbia in one group as the rich provinces, and the other six as the poor relations. This is putting British Columbia in too fast company, the Senator says, making British Columbia the fifth consecutive province which has tried to prove to the commission that it is hard up.

The Senator urges that the Prairie Provinces have been compensated, by federal grants, for the poverty inflicted on them by nature and the protective tariff. He has no objection to that but says that an exaggerated idea of British Columbia's prosperity, induced no doubt by the booklets sent out from Victoria to ensnare tourists and the occurrence of such plutocratic phenomena as butlers and Rolls Royces at the coast, has put this province in the wrong category and done it up for the assistance it should properly get from Ottawa. This was much the same argument as the Senator put a week ago but he performed today in a much more persuasive style.

As for the Vancouver Board of Trade, it will be a long time before the headmen of that august society are asked to a cocktail party again by the head men on the island. Vancouver, supported by most of the Boards of Trade on the mainland, lately put in a brief submitting the astonishing ideas that the province might be governed by a council nominated at Ottawa instead of a legislature, and that a single national force might police all Canada, including the cities. Senator Farris, with a return of his former bellicosity, hurled snappy anathemas at the Board of Trade, complaining that as a paid-up member he had not been consulted about the brief.

Significant Suits

All Styles!
All Types!
All Prices!

THE THREE-PIECE SUIT is a complete wardrobe in itself. Tailored or dressmaker suit topped off by a cape, swagger or full-length coat. You'll find some really thrilling fashions in this group—and all the new greys, beiges, gold, tan, navy, black and blue. Sizes 12 to 44.

TAILORED SUITS are classic, of course, in tweed, flannel, worsted, woolens and tricelines. The new single-breasted style with one or two buttons is favored... and slide fastening for the skirts.

DRESSMAKER SUITS are increasingly important! Suavely fitted jackets with little feminine touches for the "not-so-tailored" type. Skirts that flare slightly. Beautiful materials and smart trimmings, as buttons right up to the neckline.

WE HAVE THE SUIT YOU WANT... AT PRICES TO SUIT EVERY POCKETBOOK!

DISHWASHING USED TO TAKE FOREVER

UNTIL I DISCOVERED THIS AMAZING SOAP THAT MELTS GREASE SO FAST DISHES ALMOST WASH THEMSELVES!

FOUND! A Faster-Acting Soap For Dishwashing!

HERE at last is a soap to end dishpan drudgery! A soap that makes dishwashing easier and quicker than you've ever dreamed.

Called OXYDOL, it is an utterly new soap discovery, developed by the makers of gentle Ivory Soap. It is the result of a remarkable formula that makes mild, gentle soap 2 to 3 times more efficient, yet keeps it safe!

Oxydol dissolves so quickly you'll be amazed! And it melts grease like magic—25% faster than less energetic soaps. Dishes actually come so clean they sparkle like jewels with one quick wipe.

Yet OXYDOL leaves hands so smooth and white that millions prefer it to all other soaps—use it regularly 3 times a day.

Oxydol is economical, too. One cupful makes as much rich, lively suds as three cupfuls of other soaps tested (chips, bars and granulated soaps). And, cup for cup, Oxydol goes 1 1/2 to 2 again as far as even the latest soap chips.

So try Oxydol for dishwashing tonight. Your dealer has it. Phone for a package at once! Procter & Gamble.

MADE IN CANADA

"For years I've tried real hard to make a perfect cake frosting—and now at last I've done it! I used St. Charles Milk for the first time—it's so rich and creamy!"

Extra-fresh country milk, evaporated to double richness, Borden's St. Charles does make things taste better. And it's irradiated for an added supply of the important "Sunshine" Vitamin D. Doctors recommend Borden's Evaporated Milk for babies and growing children. Get this better "family" milk at your grocer's.

Jubilee W.A. Arranges Tag Day

Corners Allotted For Appeal to Be Made Saturday

Final arrangements for a tag day to be held Saturday were made at a meeting of the Jubilee Hospital Woman's Auxiliary in the Nurses' Home yesterday afternoon.

The hospital, which does not come under the Community Chest, is appealing to the public for financial support.

The auxiliary decided to purchase one large and four small air-conditioners in answer to a request from the house committee, and a quantity of flannellette sheeting at the request of Miss Mitchell.

Charge of corners in the city for the tag day was allotted as follows: Post office, Mrs. Woods; C.P.R. ticket office, Government and Fort Streets, Miss Curry; Royal Trust Building, Mrs. Sutherland Brown; Bank of Montreal and Bank of Nova Scotia, Junior W.A.; Hudson's Bay Company, Mrs. Guy Shepard; Public Market, Mrs. R. J. Jameson; David Spencer Limited, Miss Marcia Prior; Douglas and View Streets, Mrs. Guy Ford and Mrs. H. S. Beckton; Owl Drug Company and Terry's, Mrs. John Phetean; Krege's, Mrs. Victor Price; Fort and Broad Streets, Jubilee Alumnae, and Oak Bay, Mrs. F. V. Longstaff.

Mrs. R. J. Jameson was in the chair.

Weddings

SUDHUES-SAUNDERS

The wedding of Ethel Marion, second daughter of Mr. and Mrs. E. P. Saunders, 308 Douglas Street, and Mr. Edward Sudhues, son of Mr. and Mrs. Sudhues of Werl, Germany, took place quietly yesterday evening at Grace Lutheran Church with Rev. Edwin Bracher officiating.

Given away by her father, the bride wore a frock of rose taffeta and a gold halo. She carried a bouquet of pink roses. Mrs. C. Newman, in a frock of blue printed chiffon with yellow hat and accessories, attended the bride. Mr. Newman supported the groom.

A reception was held at the home of the bride's parents after the wedding. The house was decorated with spring flowers. Vases of pink tulips and daffodils brightened the table, centred with the wedding cake, from which supper was served. Mrs. Saunders wore a gown of russet crepe trimmed with gold, and was assisted by her daughter, Miss Rae Saunders, Mrs. Newman and Mrs. G. Burkmar.

The bride wore a travelling suit of brown, a brown hat and yellow blouse.

Mr. and Mrs. Sudhues are honeymooning in Vancouver and Seattle. On their return they will make their home at 359 Armit Road, Esquimalt.

TO HOLD SILVER TEA

The First Spiritualist Church will hold its regular silver tea in the Sons of England Hall, 1216 Broad Street, tomorrow afternoon from 2.30 to 5. The tea cup readers will be Mrs. A. Allan and Mrs. E. Fooks. Mrs. E. D. Carter will read cards and Rev. W. L. Holder will give crystal readings. The hostess will be Mrs. T. H. Brooker.

Mr. and Mrs. Murray of 2616 Prior Street entertained many friends during the afternoon and evening of Monday, March 28, in honor of their 55th wedding anniversary. The rooms were tastefully decorated with spring flowers. Refreshments were served from a table covered with a gold cloth and a three-tier anniversary cake centred the table, which was arranged with vases of flowers. Mr. and Mrs. Murray were the recipients of many beautiful flowers.

The home of Mr. and Mrs. R. Clarke, Otter Point, was the scene of a surprise party recently. Games were played and Mr. L. F. Larson entertained with card tricks. Dancing wound up the evening. The guests were: Mr. and Mrs. Bradley, Mr. and Mrs. Blakeney, Mr. and Mrs. C. Grunow, Mrs. Henry Clarke, Mrs. L. Davies, Miss Betty Bradley, Mrs. B. Shambrook, Mrs. K. Shambrook, Miss Doreen Davis, Messrs. Harris, H. Davis, A. F. Larson, C. Davis, M. Currie, A. F. Larson, W. Hackney, H. Davies, F. O'Neill, T. Harper, G. Brown and Mr. Larson.

Miss Doreen Burrows, whose marriage to Mr. Owen Glyn Jones is to take place in April, was the guest of honor at a tea party and linen shower given by Mrs. William Jones at her Pine Street home. The gifts were presented to the bride-to-be in a huge Easter egg decorated in white and yellow. Daffodils and pale pink tulips formed the decorative theme in the reception rooms, and were used in a bouquet presented to Miss Burrows. Daffodils in a glass bowl also decorated the table. Mrs. F. Walter and Mrs. R. M. Burrows assisted the hostess in serving. Guests were: Mrs. A. Wright, Mrs. R. M. Burrows, Mrs. F. Baker, Mrs. W. Somerville, Mrs. H. Youson, Mrs. T. Hunt, Mrs. A. Painter, Mrs. H. Hughes, Mrs. G. Stevens, Mrs. F. Walter and Miss Thelma Booth.

Celebrate Golden Wedding

—Photo by Foxall Studio.

Mr. and Mrs. C. H. Hogg, 906 Empress Avenue, are celebrating their golden wedding today with an open house for their friends. They were married 50 years ago at Bulwell, Nottinghamshire, and came to Victoria in 1913. Two of their three daughters, Mrs. George Pinkett of Nanaimo, and Mrs. R. Sleeman of Seattle, and three of their ten grandchildren are in Victoria for the occasion. Their third daughter is Mrs. Doris Green of Long Beach, California. Mr. and Mrs. Hogg were both born in England, as were their three daughters.

Society

Miss E. Ballard is back in Victoria after a holiday of several weeks in southern California.

Mrs. C. Firebaugh returned Tuesday from a three months' visit to California. She makes her home at the Empress Hotel.

Mr. Reginald Rigby, eldest son of Mr. and Mrs. G. C. Rigby, Alma Place, has left for Cowichan Station, where he will make his home.

Mrs. H. J. Kirby, who has lived in the Shirley district for nearly 40 years, is a patient at St. Joseph's Hospital as the result of a fall in which she broke her hip.

Mr. and Mrs. Marshall MacPherson of Cranbrook, who have been spending the winter months in Victoria, will leave tomorrow evening for their home in the interior.

Mrs. W. E. Norris is back in Victoria after a visit of several months to her daughter, Mrs. C. Rhines of Portland. She is now staying with her son-in-law and daughter, Mr. and Mrs. G. R. Mason, Goodwin Street.

Miss Diana Watts, Guinever Place, Queenswood, is convalescing satisfactorily from injuries sustained in an accident which forced her to cancel the last four lectures in a series on Greek classical art and philosophy which she was giving in the course of a continent-wide tour. She returned home recently after two months of travel.

Mr. and Mrs. Wm. Murray of 2616 Prior Street entertained many friends during the afternoon and evening of Monday, March 28, in honor of their 55th wedding anniversary. The rooms were tastefully decorated with spring flowers. Refreshments were served from a table covered with a gold cloth and a three-tier anniversary cake centred the table, which was arranged with vases of flowers. Mr. and Mrs. Murray were the recipients of many beautiful flowers.

The home of Mr. and Mrs. R. Clarke, Otter Point, was the scene of a surprise party recently. Games were played and Mr. L. F. Larson entertained with card tricks. Dancing wound up the evening. The guests were: Mr. and Mrs. Bradley, Mr. and Mrs. Blakeney, Mr. and Mrs. C. Grunow, Mrs. Henry Clarke, Mrs. L. Davies, Miss Betty Bradley, Mrs. B. Shambrook, Mrs. K. Shambrook, Miss Doreen Davis, Messrs. Harris, H. Davis, A. F. Larson, C. Davis, M. Currie, A. F. Larson, W. Hackney, H. Davies, F. O'Neill, T. Harper, G. Brown and Mr. Larson.

Miss Doreen Burrows, whose marriage to Mr. Owen Glyn Jones is to take place in April, was the guest of honor at a tea party and linen shower given by Mrs. William Jones at her Pine Street home. The gifts were presented to the bride-to-be in a huge Easter egg decorated in white and yellow. Daffodils and pale pink tulips formed the decorative theme in the reception rooms, and were used in a bouquet presented to Miss Burrows. Daffodils in a glass bowl also decorated the table. Mrs. F. Walter and Mrs. R. M. Burrows assisted the hostess in serving. Guests were: Mrs. A. Wright, Mrs. R. M. Burrows, Mrs. F. Baker, Mrs. W. Somerville, Mrs. H. Youson, Mrs. T. Hunt, Mrs. A. Painter, Mrs. H. Hughes, Mrs. G. Stevens, Mrs. F. Walter and Miss Thelma Booth.

Miss Noreen Payne of Vancouver, who has been visiting in Victoria since her return from California recently has left for her home in Vancouver.

Mrs. M. Wingfield of Journey's End, Metchosis, who has been visiting in Los Angeles with her nephew and niece, Mr. and Mrs. Ivo Henderson for the last few weeks, has returned home.

Mr. and Mrs. Jack Davies, Lincoln Road, accompanied by their daughter, Eunice, and Mrs. Archie Byatt, who have been visiting in California for the last few months, will return on Saturday to their homes in Victoria.

Mr. J. E. Elliott, who has been visiting for a couple of months in Seattle with her son and daughter-in-law, Mr. and Mrs. Jack Elliott, and with her son-in-law and daughter, Mr. and Mrs. John Ferguson, returned to the city on Monday afternoon.

Mrs. R. H. Pooley and Miss Phyllis Pooley left last night for Vancouver, where they will be joined tomorrow by Mr. Pooley and Miss Allan, and leave for New York, from where they will sail on Ss. Queen Mary on April 6 for England to attend the marriage of Miss Daphne Pooley and Mr. James Ronald Appleton.

Miss Marjorie Burnett, whose marriage to Mr. George R. Laird will take place April 16, was the guest of honor when Miss Muriel Waind, McKenzie Street, entertained the members of her bridge club yesterday evening. Miss Burnett was presented with an electric coffee urn by the members of the club. The color scheme for the decorations was pink and mauve, carried out in a corsage of violets and carnations given to Miss Burnett. Supper was served from a table whose centerpiece was a miniature bridal couple surrounded with pink roses and ferns. Silver candelabra carried tall pink tapers. Mauve stocks were in evidence among the flowers. The guests were Mrs. D. Cockburn and the Misses Patty Carney, Marjorie and Laura Pebo, Marjorie Siddall, T. Carey and Hazel McMahon.

Many beautiful flowers from old friends in Vancouver and other parts of the mainland, as well as Victoria, together with greeting cards and gifts, conveyed the good wishes of their many friends to Mr. and Mrs. William C. Petticrew on the occasion of their golden wedding anniversary yesterday. Mr. and Mrs. Petticrew were "at home" both afternoon and evening, and many friends called at their home on Rendall Street, Oak Bay, to tender felicitations in person to the venerable couple. During the afternoon they were presented with a handsome silver tea service and tray, the joint gift of old-time friends at the Victoria Gospel Hall, of which they have been devoted members for many years. Tea was served from a table centred with a lovely arrangement of blue iris, yellow tulips and pink carnations, and touches of gold, the wedding cake, which occupied a place of honor, being also decorated with gold. The Misses Margaret and Wilhelmina Petticrew assisted their parents in receiving, and other relatives and several old friends assisted in serving refreshments.

Woman Tells Of Life in Shanghai

EDMONTON (CP) — Life in war-torn Shanghai was pictured by Mrs. F. R. Gabbott, Shanghai, former resident of Edmonton, who visited here.

"Despite the terrible destruction which is going on in the native cities on its outskirts, life goes on very much the same in the international city of Shanghai," she said.

"Cinemas are running, cabarets are full, and although business is bad and people haven't as much money to spend, it is quite amazing how lively things are."

"Curfews ring at 11.30 p.m. If you are found on the street after that hour you spend the night in jail."

"On a clear night in Shanghai the sky is filled with the most beautiful fireworks you could ever see."

"The Chinese have been very courageous, and if they had the modern war equipment which the Japanese have, the enemy wouldn't stand a chance."

Describing Shanghai before the war, she said "young people just love Shanghai. It is a very, very gay city; in fact, it is called the Paris of the East, and I personally think it is much gay than gay Paris."

Junior Fashion Show Tomorrow

A special display of fancy dress costumes will be a feature of the junior fashion show to be held tomorrow afternoon at Terry's by the Sir James and Lady Douglas Chapter, I.O.D.E., starting at 3.

In addition there will be showings of suits and dresses by W. and J. Wilson, Fowlers' and B. M. Clarke. Shoes from Maynard's and coiffures by La France will form part of the ensembles.

Music and dancing will be offered by Mrs. Evelyn Holt and the Russian Ballet. Tea will be served.

The public is invited to the show.

Club Will Hear W. M. Halliday

W. M. Halliday, for 30 years Indian agent at Alert Bay, will be the guest speaker of the Women's Canadian Club at its next meeting, Tuesday, April 5. His subject will be "The Primitive Canadian in British Columbia."

Mr. Halliday knows the coast of British Columbia and its inhabitants perhaps better than any other man; is well versed in Indian lore, and has a fund of incidents and anecdotes of his experiences amongst the Indians.

Mrs. A. M. Watson will be the soloist for the afternoon.

URGED TO VOTE

SASKATOON (CP)—If Canadian women had worked harder for the right to vote they would appreciate the privilege more, said Mrs. A. M. Blue, Saskatoon, addressing a women's political meeting here. Only 51 per cent of Saskatchewan women with

the right to vote did vote at the last Saskatchewan provincial election, she said. Women in Turkey and India were taking an important part in public affairs and setting an example women of the western world might well follow.

Princess Patricia Lodge No. 238, Order of the Daughters of St. George, will meet tomorrow night at 8 in the K. of C. Hall. Initiation will take place. Members are asked to bring refreshments.

The Eta Beta Pi Sorority met on Monday evening at the home of Miss Phyllis Elliott on Rutledge Street. After the business was concluded a musical program was enjoyed. During the evening refreshments were served by the hostess. The next meeting will be held on April 11 at the home of Miss Betty Kyle.

The Victoria Chapter, No. 25, Women of the Moose, held their social meeting on Monday evening in the K. of P. Hall, 1415 Broad Street, with senior regent M. Carter presiding. Several members were reported on the sick list. Homemaker chairman, Mrs. A. Harrison, reported of the successful sewing bee held at the home of Mrs. H. Parker, thanks being extended to her. Senior regent M. Carter reported the financial success of recent banquet. The supreme auditor, Mr. Slater, will visit Victoria next month; plans will be made with Lodge 1390 for the showing of the talking picture of Mooseheart and Moosehaven. A sale of work and card party will be held Monday, April 25; Mrs. A. Harrison will convene miscellaneous stall, and Mrs. R. Herring home-cooking. Monday, April 11, is business and quarter night, members also requested to bring donations for sewing stall. The evening was brought to a close by an entertaining social convened by the senior regent, supper being served.

Bridge was played at 20 tables yesterday afternoon when the Victoria Chapter, No. 17, Order of the Eastern Star, held a tea and bridge party. Additional tea guests, to the number of 50, were welcomed by the worthy matron, Mrs. A. Steer, and the associate matron, Mrs. L. Batchelor. The affair was arranged by Mrs. W. Hitchens-Smith, assisted by Mesdames J. Thompson, D. Clark and F. Bland, past matrons, and Mrs. D. Cameron and Mrs. Ford. Mrs. Sheppard was in charge of the tickets. Mrs. L. Ford won first prize at contract bridge and Mrs. Entwistle second, while Mrs. Brown was first at auction and Mrs. Hensie second. Special prizes were awarded to Mrs. Millicen and Mrs. M. Austin. The five large tea tables were covered with lace cloths and set with silver, the flowers being daffodils and narcissi, flanked by mauve tapers. Presiding at the tea and coffee urns were Mesdames A. Rogers, A. Hammett, P. Schmeek, M. Tripp and G. Miles, past matrons. Mrs. A. Carmichael had charge of a table of home cooking.

O.B.Y.P.A.
The Oak Bay Young People held their regular meeting on Tuesday evening. Mr. Phil Raymond from the Vancouver Island Publicity Bureau presented a number of very interesting moving picture films which were greatly enjoyed. Between the different films Bert Simpson gave the announcements and Nancy Boyd led a short worship period. Bert Simpson extended a vote of thanks to Mr. Raymond on behalf of the young people. Following a short recreation period in charge of Nancy Hepburn, the meeting came to a close with the singing of "Abide With Me."

Postal Service Changes Reported

OTTAWA (CP)—There were 225 postmasters dismissed from post offices with incomes of less than \$2,000 a year in 1937, Hon. W. D. Euler, acting Postmaster-General, said in answers tabled in the House of Commons Wednesday to questions asked by

Joseph Needham, Social Credit, The Battlefords, Sask.

Political partisanship caused 69 dismissals. Personal statements of members of the Commons regarding partisanship of postmasters preceded 27 dismissals, 39 were dismissed for this cause after investigation and three on admission of the offence.

Shortages, financial irregularities, changes in post office locations and other causes led to 156 dismissals.

Dies After 50 Years' Ministry

Canon J. W. Flinton Was Pioneer of Church of England on Island

Canon J. W. Flinton, the oldest Church of England minister in point of service on Vancouver Island, passed away in St. Joseph's Hospital last night at 8.30 in his 71st year, ending nearly half a century of self-sacrificing service at many parishes on the island.

Canon Flinton came direct to Victoria from Scarborough, Eng., in 1890 at the invitation of Rt. Rev. George Hills, the first bishop of the diocese. He started his ministry in the pioneer days when clergymen had large territories to administer and traveled by horse and buggy, fair weather or foul, to half a dozen different communities to hold Sunday services.

During his ministry he con-

LATE CANON J. W. FLINTON

ducted the first church services ever held at a number of points on the island. Several churches stand today as a tribute to his memory, having been erected as the result of his tireless efforts in his early days as a young minister. He unflinchingly faced the hardships of pioneer ministers, and a man of rugged health in his early years battled through snowstorms and windstorms on many occasions for miles rather than disappoint small congregations who had gathered at isolated points for Sunday services. His unselfishness and thoughtfulness for his parishioners made him loved and esteemed by all with whom his duties brought him in contact.

A KEEN SPORTSMAN

Besides being their minister he shared in the general interests of his congregation. He farmed as they did and discussed farming with them. Through relying so much on horses to carry out his duties he became a lover of horses and an expert. His advice on horses and cattle was sought and respected. He became also a keen hunter and fisherman, and invariably carried a camera on his trips with which he secured a valuable collection of some of Vancouver Island's beauty spots. He was a dog fancier, and won many prizes with fox terriers from his "Filey Kennels" entries. He also joined in the sports of his parishioners and played cricket and football for teams in which his parishes were, and was a member of the Five C's cricket team in Victoria.

On arriving in Canada he was first placed in charge of Wellington and Northfield parishes. Four years later he became rector of Cedar Hill. From Cedar Hill he went in 1901 to take charge of the parishes of Alberni and Port Alberni. In 1905 he was named rector of North and South Saanich and Sidney. During his incumbency there he built St. Andrew's Church, Sidney. In 1912 he became vicar of St. Mark's Church. From there he went to Courtenay and Merville, and was vicar at Salt Spring Island until ill-health forced him to retire a few years ago.

While in Victoria he was for a number of years clerical secretary of the diocese.

During his ministry on Vancouver Island he made a host of friends, and both the late Canon Flinton and his wife were the recipients of many tributes from congregations by whom they were loved and esteemed.

In his retirement Canon Flinton was visited by many former parishioners with whom he used to love to exchange reminiscences of his early days here, and in his last illness many who knew him when he first came to Vancouver Island went to see him.

Besides his widow, who came to Canada as a young bride to share with him the arduous work of his early days on the island, he leaves two sons, Austin, Victoria; Eric, Sandwick, and two daughters, Mrs. H. P. Alberry, Sandwick, and Mrs. F. J. Merriam, Victoria. His eldest daughter, Gladys, died while he was at Salt Spring Island. There are eight grandchildren.

Winning the worlds professional hockey championship before the greatest crowd that ever witnessed a hockey game in the capital, the Victoria Senators, under manager Lester Patrick, proved conclusively that they are a superior hockey aggregation by decisively defeating Quebec's Stanley Cup holders, 6 to 1, at the local Arena last night.

Lester Patrick, manager of the world's Professional Champion Senators is, without doubt, the cleverest defence man playing the game today, a hockey general without an equal and is considered by many the greatest hockey-ist who ever laced on a pair of skates. Manager Patrick will continue to lead his team next season.

B.C., Alberta Quakers Meet

The British Columbia and Alberta quarterly meeting of Friends (Quakers) met in Vancouver over the week-end. In addition to local members, representatives were present from Victoria, Brantford Island and Nanaimo Bay, and a large contingent of Friends came from the United States by invitation.

One of the visitors gave an address on "Why our position as Friends is distinctive from other religious groups," and others contributed to the subject. In connection with the study of their peace testimony, Friends were urged to read Richard Gregg's recent book, "The Power of Non-Violence" (Routledge, London), and to work out its application to present day problems.

An epistle was read from Friends in Australia, in which the following quotation occurred: "There is but one thing needful, to possess God. Religion is not a method, it is a life, a communion with God, a calm and deep enthusiasm, a love which acts, a happiness which overflows."

Pioneer Dies On West Coast

Word was received here today of the death at Clo-oose yesterday morning of David Logan, 74-year-old pioneer of Vancouver Island's west coast.

At the time of his death Mr. Logan was postmaster of the settlement where he lived for more than 40 years. Ten years ago he retired from the position of lineman there for the Dominion Government telegraphs. He had helped in the construction of the first telegraph line when it was put in at the turn of the century.

Mr. Logan had been brought to Victoria last fall for an operation. He returned to Clo-oose two weeks ago, apparently in the best of health. He was taken suddenly ill Tuesday night and died before medical aid could be brought from Alberni.

He is survived by two daughters, Mrs. A. Chisholm of Victoria and Mrs. Dan Halliday of Clo-oose; two sons, William Logan of Clo-oose and Ernest Logan of Victoria, and a sister, Mrs. A. Doray of Greenfield, Mass.

The funeral will be held at Clo-oose Saturday.

SALE PLANNED BY SATIN-GLO

Seven-day Special Offer to Open April 1 in Victoria

More than 20 years ago the manufacturers of Satin-Glo interior finishes introduced their product to the public of western Canada with a seven-day sale at a very attractive price. So successful was this introductory offer that it has been repeated every year since. The week of April 1 to 9 will be observed as Satin-Glo sale week.

Each year Satin-Glo varnishes and enamels have grown in popularity because at all times the manufacturers have maintained a standard of quality which appeals alike to the professional painter and the domestic user. During the last few years the research laboratories of the paint and varnish industry have evolved many new ingredients and new formulas, and these have been embodied in the Satin-Glo finishes of today.

In Satin-Glo enamels the colors are not only more brilliant and lustrous but it is also easier to apply, and in point of durability it is more lasting. The Satin-Glo varnish of today is really a dual-purpose varnish because it is not affected by hot dishes or boiling water and so is an ideal finish for furniture or woodwork. At the same time, it is recommended for floors and linoleum as it is able to stand the hardest wear.

Satin-Glo satin finish, which comes in pastel tints for wall decoration, has also been improved. It is a finish that can be washed repeatedly and for that reason is most practical for homes where there are small children whose finger marks would quickly ruin wallpaper or kal-somine.

During the week of the Satin-Glo sale, householders are urged to plan all the interior decorating they will do during the spring season and purchase their full requirements at a substantial saving.

L. Hopkins Shows Astronomical Society Workings of Intricate Instrument

A demonstration of the stroboscope and a discussion of its applications was given by Leonard Hopkins at a meeting of the Victoria Centre of the Royal Astronomical Society of Canada held in the Y.W.C.A. auditorium last evening.

The stroboscope used for the demonstration was constructed by Leonard and Ronald Hopkins.

Mr. Hopkins showed how a minor defect of the human eye, which prevented it from differentiating between motions recurring at a frequency of more than 10 per second, could be utilized in engineering practice to balance machinery and eliminate vibration.

The stroboscope was an instrument made up of an ordinary neon tube curved in a "U" shape with contact points in the sealed

ends connected to a motor by means of wires, the speaker explained. The motor set up an electrical current which resulted in a high-frequency intermittent light in the tube. The light flashed at a frequency of 1,800 per minute. The relationship between the rate of flashing light and the rate of the number of revolution of a disc or wheel resulted in the moving wheel to appear stationary or to revolve in the wrong direction.

By applying this principle in the stroboscope, he said, machines operating at high speeds were made to appear to be turning slowly, thus enabling the notion to be studied for the purpose of balancing the revolving parts, the

speaker said. Gasoline manufacturers were enabled to view their products at work in an internal combustion machine. The stroboscope had also made possible the taking of photographs at the rate of 2,000 to 3,000 per second which had resulted in vast improvements in motion-picture works. The instrument was also used largely in the perfection of sewing machines, coil springs and airplane propellers.

Mr. Hopkins made discs, bearing different markings, appear to form variety designs as he manipulated the speed of the motor.

Following the lecture, Robert Peters, chairman, opened a discussion period during which Mr. Hopkins answered questions. H.

Boyd Brydon moved a hearty vote of thanks to the speaker for his instructive demonstration.

It was announced that the next meeting of the society will be held on April 20, with John S. Stevenson, Ph.D., speaking on "Microscopic Studies of Ores."

SPRING in the air brings oarsmen to the water on English and United States fronts, but Victoria will delay the opening of its major rowing campaign for another month.

On Saturday "The Boat Race," the annual Oxford-Cambridge event, will be staged over the historic 4½-mile winding Thames course for the 109th time.

In Seattle, Coach Al Ulbrickson is barking commands to the crack Husky boat as the Varsity and other shells prepare for the annual race against California on April 16. Washington has a heavy load to pack to carry the glory and prestige last year's boats collected. The Seattle outfits swept Poughkeepsie clear and are out to repeat.

And from the Atlantic seaboard to the sunny reaches of the Pacific, where oarsmen gather, they talk of Washington's Connibear stroke.

That stroke has done wonders for the Huskies.

It is one of the greatest unsung testimonials ever listed to the memory of Victoria's pioneer coach and father of rowing here, the late Dan O'Sullivan.

According to local report, Connibear came to O'Sullivan many years ago with a complete and admitted ignorance of rowing. Dan gave him what he could. Connibear modified it slightly to meet scientific theory and the resultant achievement has carried the Washington pennant to the top of the staff in North American crew circles.

There is no great difference between the stroke used today by Washington and by the boys coached by O'Sullivan's most persevering disciple, Dan-Moses of the James Bay Athletic Association.

According to reports, the Victoria-Wednesday Football League is this year co-operating to make soccer a seasonal sport in this city. The present knockout cup schedules call for four more weeks of activity for the four clubs in the circuit and a few extra games on the side. After that they plan to fold up until another season approaches. Last year the seasons overlapped.

Midweek all-star footballers are booked to go up against Cumberland in an exhibition match at the Athletic Park in a couple of weeks' time. Officials will also endeavor to bring over the Vancouver Chinese Students for a battle with the Wednesday League reps before the season closes.

By the way, what has happened to the Ansonby Cup series? We understand there is still another game to be played between the Wednesday and Saturday all-star factions to decide the fate of the prized trophy.

Boxing is going to go places in this man's town, according to the vast amount of interest that is being shown in the game. Already a dozen teams have organized and are ready to open their bids for divisional championships on May 15, according to "Toots" Sargison. There are five senior teams, five intermediates and a pair of junior squads ready to swing into action. Two more boxes will be erected in city parks to look after this sport, which is tops in summer sports on the mainland.

JUVENILE SOCCER

The Victoria Athletic Club and Oak Bay Rovers, finalists in the under-fifteen division of the Lower Island Juvenile Football Association, will clash in the Lower Island final of the provincial cup playdowns Saturday morning at the Athletic Park at 10.30. Edgar Borge will referee. Victoria Athletic Club line-up follows: Muir, D. Simpson, Carter, Popham, Holmes, Speller, R. Simpson, Perkins, MacArthur, Travis, Smith and Scott.

CITY WORKOUT

The Victoria City football club will hold a workout this evening at 7.30 in the Veterans' of France.

Chicago Team Rated 7 to 5 Choice Against Amerks in Ice Semi-final

CHICAGO—Because they are playing on home ice, Chicago Black Hawks ranked today as 7 to 5 favorites to turn back Mervyn (Red) Dutton's New York Americans tonight in the second game of their semi-final Stanley Cup series and thus prolong the two-of-three game duel to a deciding match in New York Sunday.

Bill Stewart's men have been eminently successful at home during the league season. Of their 14 triumphs, 10 were scored here and their best bid of the season against the Americans—a 3 to 3 tie—was gained on the Chicago Stadium ice.

Offsetting the Hawks' home-ice setup, however, was the psychological edge Americans gained in defeating the Chihawks 3 to 1 in New York Tuesday and the Dutton Dusters appeared firm in the belief they would win the series in two straight games to oppose Toronto in the cup final.

Nevertheless, Dutton refrained from a definite pre-game prediction his men would win the second game and Coach Stewart stayed with the statement he made after Tuesday's game; that he believed his Hawks would give a better account of themselves here than they did in New York.

TEAM INTACT

Americans reached Chicago last night free of injuries. The Hawks brought Mush Marsh, scrappy little right wing, home with a knee injury suffered when he crashed into the Madison Square Garden boards and Mike Karakas, Chicago netminder who suffered a scalp wound when bumped into his goal post by Al Murray, Americans' defenceman complained of feeling sore.

There was little of no fraternizing en route from New York Hawks occupied the front of the train and Americans the rear. The general air of aloofness was maintained even when the players met on the mutual ground of the dining car.

Probable lineups:
Americans: Robertson, Murray, Jerwa, Chapman, Schirner, Carr, Black Hawks: Karakas, Seibert, Weibe, Romnes, Thompson, March.

Americans subs — Wiseman, Anderson, Stewart, Smith, Gallagher, Day, I. Johnson, Sorrell, Beattie.

Chicago subs — Gottselig, McKenzie, Trudel, V. Johnson, Dahlstrom, Jenkins, Levinsky, Voss, Shill.

Champions Seek Third Title

After scoring smashing victories this season to win the Barnard Cup and the Rounsefel Trophy, symbolic of city and provincial senior club rugby titles, respectively, Bert Buller's J.B.A.A. fifteen will seek their third championship Saturday when they meet the Oak Bay Wanderers in the Cowichan Cup final. They brought the Rounsefel Cup to Victoria for the first time in 14 seasons by defeating Vancouver Rowing Club. Reading, from left to right, they are: Top row, Buzz Brown, Jack Russell, Doug Bray, Frank Doherty, Gordie Petticrew, Jack Rutten, Bob Mair, Frank Collier, Bert Simpson, Bert Buller (coach); bottom row, Bill Halkett, Tommy "Red" Dalzell, Jack Ferguson, Ken Buxton, Les Bridge, George Langdon, Fred Smith and Cyril Doherty. Wally Stipe, scrum half, is not in the picture.

Victoria High Win B.C. Basket Title

Hank Rowe Leads Fernwood Road Boys to Overtime Win Against Magee

In an exciting overtime game yesterday afternoon the Victoria High School senior boys won the British Columbia High School basketball championship, defeating the Vancouver Magee High School 50 to 40.

Hank Rowe, guard for the Victoria Dominos, was in top form, scoring 23 points in all. Wally Friker of the local squad also turned in a sparkling performance. The Victoria boys had the advantage of height and invariably got possession of the rebounds.

Don Livingstone was the spearhead of the Vancouver attack, and was in the thick of the game every minute that he was on the floor. He scored 16 points.

VICTORIA SETS UP LEAD

Vancouver opened the scoring when Livingstone was awarded a free shot seconds after the game started. Hank Rowe put Victoria in the lead 2 to 1 with a smart bucket shot a minute later. The scoring alternated a few times until it was tied at 6 to 6.

Two baskets by Rowe and Whyte and a free shot gave the Victoria squad the lead, which they held until the last quarter. The first quarter ended with the score at 11 to 6 for the locals. Victoria set up a 23 to 12 lead at the half.

Magee came back to cut it to 29 to 26 at the three-quarter mark and led 38 to 36 as the game entered the last minute.

Rowe saved the day for the Victoria boys with a basket just before the final whistle, which tied the score 38 to 38.

In the first part of the overtime period Rowe put his team in the lead with three baskets in rapid succession. Although the Vancouver boys fought hard, they were unable to take the lead.

Rowe, Mylrea, and Friker each scored a basket in the latter part of the period.

Bob Macmurchie and Bob Malcolm were the referees.

Teams and scores follow:
Magee—Livingstone 16, Alexander 14, L. Burrell, C. Mann, D. James, N. Wright 4, D. Hay 1, L. Young 2, S. Roach 3 and D. Marshall. Total 40 points. Coach and manager H. W. McLean.

Victoria—H. Rowe 23, W. Friker 9, J. Mylrea 10, D. Whyte 4, B. Fields, F. Mylrea 2, L. Ross and F. Aceman 2. Total 50 points. Coach Lewis Clark and Bob Heywood.

Cambridge Spares Pace Both Crews

PUTNEY-ON-THAMES—Boat racing history was made yesterday when the Oxford oarsmen, in the final stages of training for their annual race with Cambridge Saturday, were paced in a trial spin by the Cambridge reserve crew.

Ethusiasts along the Thames towpath were bewildered to see the dark blue and light blue oars flashing along side by side. Oxford whipped the Light Blue reserves in a minute and a half's rowing, gaining a length and a half, far better than the Cambridge varsity crew have done in training.

INTERMEDIATE SOCCER

Young Liberals and Bapco will contest the final for the Lewis Hall Cup Saturday afternoon at Heywood Avenue. This will feature the Intermediate Football League program. Dave McMillan will referee. James Island and Cooperage will meet in a league fixture. Both games will start at 2.30.

TORONTO (CP)—Cliff Forrester, 16, Ontario junior freestyle swimming champion, set a new Canadian record of 2.21.5 for 200 yards, freestyle, in a special time trial here last night. The former record of 2.34 was held by Archie Byers, Vancouver.

SKIER BREAKS LEG

VANCOUVER—Fern Davis, 23-year-old skier, reached hospital with a broken leg last night after a five-hour trip down Grouse Mountain by stretcher and automobile. Her condition was good.

A tornado that swept Elgin, Illinois, last year nearly took off one side of a house, removing the back of a cupboard without disturbing the dishes.

Spencers Capture Football Shield

Defeat Hudson's Bay 2 to 1 in Final of Midweek Knock-out Series

Spencers soccer eleven, which a few weeks ago looked as though it was on its last legs and ready to slide quietly out of the mid-week football picture, came to life with surprising suddenness yesterday afternoon at the Athletic Park and blasted out a 2 to 1 triumph over Hudson's Bay to lift the McKay Knockout Shield.

It was the first time this year that the Bays have suffered defeat. The match was a lukewarm affair on the whole.

The Diamond S footballers came out of their relapse raring to go. They started out with a bang and kept the heat on for the most of the game. The Bays never got a chance to settle down to play their steady, short passing game until five minutes from the finish. Then it was too late.

RENEWED STARS

Albert Renfrew, the game youngster between the Bays' posts, saved his team from a far worse licking. The diamonds were in good shooting form and he was given lots of work to do. He handled the shots like a veteran. The two that got by him were difficult to stop. On the attack the losers were repulsed

TRUMP TAKES BOXING CUP

Judged Best Senior in Annual Tournament of Glenlyon School

The Jones Challenge Cup, emblematic of senior boxing honors at Glenlyon Preparatory School, was won by Trump at the annual tournament in St. Mary's Hall, yesterday afternoon.

There were 21 bouts. In the junior division Bolton and Martin showed considerable skill, the latter being very aggressive and having a slight edge. Carter II and Paterson and Molson and Elkington also boxed in good style in two fine matches.

In the intermediate division, Pitts and McGivern displayed good footwork and clean hitting. Carr II was more than a match for Homer-Dixon, having had a good deal of experience. Rowe II put up a plucky fight against the heavier Cupples.

In the senior division Trump, Jones, Pickles and Rowe I were outstanding.

Following the boxing the school gave a short display of physical training under the instructor, G. H. Kinch.

The headmaster, J. Ian Simpson, complimented the staff and the instructor on the afternoon's performance, and thanked J. M. Grant for his assistance in judging.

Local Clubs Win Shooting Honors

The distinction of being the 29th best miniature rifle shooting club for boys in the British Empire was won by the Victoria Rainbow Sea Cadets, the Bisleigh honor-list round-up discloses. The Rainbow Cadets were credited with 92.4 points out of a possible 100. Oaklands School A Company of Victoria placed 60th with 87.679. The honor list included 100 names.

WEARY HENRY TAKES BOUT

Canzoneri Picks Ross and Ambers to Whip Armstrong After Feldman Fight

NEW YORK—Tony Canzoneri, the baby-faced little fellow who held four world championships at one time or another in his fighting career, thinks both his old foes, Barney Ross, welterweight king, and Lou Ambers, lightweight ruler, will lick Henry Armstrong this summer.

Tony made his prediction to the sound of Henry's gloves smacking on flesh last night. In the ring a few feet away Armstrong was hammering away at Lew Feldman, war-worn New York lightweight. Eventually, he knocked the New Yorker out in 1.55 of the fifth round after dropping him for counts of nine in the first and fourth.

But Tony, getting up to go after the fight, remarked, "that still goes. They both take him." Even the fact that it was Feldman's first knockout in a long and active career couldn't obscure the fact that this was not the Armstrong of six months ago.

A year of continuous fighting has taken its toll. Last night in the non-title bout, Armstrong's timing was off and the featherweight king seemed stale and ring-weary.

Armstrong weighed 133 to 134 for Feldman.

DAHLSTROM ACE ROOKIE

Swedish-American Centre Awarded Calder Trophy in C.P. Poll

TORONTO—A Swedish-American, born on the banks of the Mississippi, Carl (Gully) Dahlstrom of Chicago Black Hawks, has been selected the best rookie in the National Hockey League, the Canadian Press announced today.

He becomes the second holder of the Calder Trophy, awarded annually by President Frank Calder of the N.H.L. to the outstanding first-year player. It was won for the first time in 1937 by Syl Apps of Toronto Maple Leafs.

Dahlstrom, a promising two-way center with a fighting heart, was selected in a poll of 30 hockey writers in N.H.L. cities, who named their first, second and third choices for the honor. Thirteen of them gave the Chicago player their first votes and almost every writer had him somewhere on their ballots.

OTHER NOMINEES

Playing with Hawks, a club that fought to keep out of the American division cellar much of the season, the 23-year-old Minneapolis-born player won recognition over such good youngsters as Murphy Chamberlain, Toronto Maple Leaf centre; Des Smith, Montreal Maroons' defenceman; Bingo Kampman of the Leafs' defence, and Carl Liscombe, Detroit left winger.

In compiling the vote three points were given for a first choice, two for a second and one for third, making a possible 90 points for any player. Following are the players in the running and their points: Dahlstrom (Chicago) 56; Chamberlain (Toronto) 37; Smith (Maroons) 18; Kampman (Toronto) 15; Liscombe (Detroit) 13.

FIVE SEEKING MEMORIAL CUP

Perth Blue Wings swept into the eastern Canada Memorial Cup playdown final last night by ousting Verdun Maple Leafs. Elimination of Leafs left three teams in the running in the east and two in the west. They follow: Ontario, Sudbury, Oshawa, Perth; Manitoba, St. Boniface; Alberta, Edmonton.

Edmonton will play St. Boniface at Winnipeg tonight in the second of best-of-five game series. St. Boniface won the first.

Schedule Game For Vancouver

Victoria Dominos' Protest Over Vancouver Westerns' Triumph Is Thrown Out

Victoria Dominos and Vancouver Westerns were still on the merry-go-round today, trying to pick off the brass ring that is the men's British Columbia senior A basketball championship. They will make their deciding grabs for the battle in Vancouver Saturday night as they take the floor for the sixth and deciding game of the current series.

"I guess so. I figure we can beat them there anyhow. The way the boys feel now, they expect to take Westerns by 10 points," Dave Nicol, manager of the Dominos said today in reply to questions whether or not the Victorians would make the trip for the Saturday game.

Need for a sixth game in the best three-out-of-five-series was declared last night when the British Columbia Amateur Basketball Association, at a special meeting, threw out Dominos' technical protest over the alleged use of 11 men in the Vancouver battle last Saturday night. Westerns outscored Dominos 60 to 38 in the fixture. Officials of the Vancouver Club, in their explanation to the B.C.A.B.A. executive, last night, declared Wyck Gray, the reputedly 11th man, had gone onto the court during an interval, but left it before the game was resumed.

TIED TWO-ALL

As far as the association is concerned, the current series is tied at 2-all.

J. C. "Scotty" Dowds, who carried Victoria's verbal argument to the meeting, gave notice of appeal from the association's ruling, which declared last Wednesday night's game here a draw.

But his point was somewhat obscured. The meeting decided last Tuesday night's battle here, won by the Dominos 51 to 33, was a replay of the second fixture. It had previously been announced as the fifth game of the series.

Dominos were scheduled to hold a meeting here tonight to reach a definite decision on the encounter called for Saturday night in Vancouver. Possibility that the local club would refuse to make the trip was considered remote.

Nicol figured the locals were given a raw deal at the meeting, but said his boys were in great shape and raring to go.

WOULD GIVE GATE AWAY

George Bonner, Cobble Hill, council member of the B.C.A.B.A. and president of the Vancouver Island Basketball Association, comes forward with the suggestion that basketball authorities relieve themselves of any odium which might be attached to collecting too many gates on the current Dominos-Westerns series. He suggested, in a telegram to Ken Walton, secretary of the B.C.A.B.A. that the returns from next Saturday night's game in Vancouver be split between the Vancouver hospital for crippled children and the Queen Alexandra Solarium.

No Early Choice Of Professor For U.B.C.

VANCOUVER (CP)—Dean Daniel Buchanan, acting president of the University of British Columbia, says today vacancy on the college staff caused by the resignation from the department of economics of Dr. W. A. Carrothers will not be filled "for some time."

Dr. Carrothers resigned from the U.B.C. staff to take over full-time duties as British Columbia Commissioner of Coal and Petroleum.

He had been on leave of absence from the university since January, 1934, when he was loaned to the British Columbia government to conduct special research work.

NEW RULER

VAUDZ, Liechtenstein (AP)—Elderly Prince Franz Wednesday night handed over the governmental reins of this independent principality to his young heir, Prince Franz Joseph. The 84-year-old reigning prince, ruler of Liechtenstein's 65 square miles wedged between Switzerland and Austria, issued a court announcement delegating authority to his grand-nephew, who is 32 and a bachelor.

Oak Bay Hears Schubert Club

Choral Group and Assisting Artists Give Splendid Performance

Assisted by local soloists of outstanding merit, the Schubert Club last night presented a concert that well-merited the excellent reception it received from an audience in Oak Bay United Church.

Under the direction of Fred-eric King the programme was

one which offered enjoyable variety and showed to advantage the excellent phrasing, diction and expression of the 23-voice group.

Judging from the reception by the audience the two-voice numbers were "The Lady of Shalott," a cantata based on Tennyson's poem, and "Minor and Major," a composition of Gilbert Spross, in which both piano and organ accompaniment were used.

Similar accompaniment was given with the selections "O God, Thy Goodness" (Beethoven) and "Glory Unto God" (Schubert) and the two spirituals, "Were You There When They Crucified My Lord" and "Go Down, Moses."

The organ accompaniments were played by Lawton Partington, the church organist, and Mrs. Grace Timp played the piano, both giving praiseworthy performances.

Markham Lee's "He That Loves a Rosy Cheek" and "You Stole My Love" (Macfarren) were choral numbers sung unaccompanied.

The soloists were Miss Patsy Swift, Victoria's rising young vocalist; Mr. Partington, and Gilbert Margison, violinist. Miss Swift sang "When I Have Sung My Songs," "In My Garden" (Isabelle Firestone) and "Morning" (Oley Speaks). Beethoven's "Largo" and Go-

ard's "Au Matin" were beautifully done by Mr. Partington on the recently-installed Hammond electric organ.

Mr. Margison played the first movement of Schubert's Sonata, "Cobell" (Moffatt) and Somervell's Prelude. A fiery Russian dance was well interpreted and was followed with a Schubert "Lied" as an encore.

Blum Postpones His Test Vote

PARIS (AP)—Premier Leon Blum today decided to postpone until next Tuesday parliamentary debate on bills in which he will seek extraordinary powers to cope with France's financial difficulties.

The delay gave the Radical-Socialists, most moderate element of his People's Front, time to study his measures and thereby to lessen danger of a split that might pull his cabinet down.

These marionettes are made and operated by pupils of the Cloverdale school. A choir of 20 girls will also be in attendance that evening. Immediately following their attendance at the Lenten service, next Wednesday, the members of the A.Y.P.A. will gather in the hall for the regular meeting. Arrangements will be made for a hike, dance and social and a card party.

No C.O.D. Mail U.S. to Mexico

WASHINGTON (AP)—Postal officials said today they had ordered 45,000 postmasters throughout the United States to refuse mail addressed to Mexico calling for C.O.D. payments.

John E. Lamiell, director of international postal service, said the order followed refusal of Mexican postal officials to accept money orders payable in the United States.

Unless money collected on cash-on-delivery articles can be sent back to this country by postal money order, Lamiell said, there would be "no point" in sending such articles across the border.

Change in Army Act Proposed

OTTAWA (CP)—Parliamentary sanction for any participation of Canadian military and naval forces in hostilities other than for direct defence of Canada would be necessary under amendments of the Naval Service Act and the Militia Act introduced in the House of Commons today by Grant MacNeill, C.C.F., Vancouver North.

At the regular luncheon meeting of the Real Estate Board of Victoria on Friday at Spencer's private dining-room at 12.30, several important matters will be discussed. These will include: (1) Property owners' division, (2) real estate board advertising, (3) civic matters and (4) Rowell Commission. All members are requested to turn out so that everyone may take part in any discussion thereafter.

Brighter City Is Object of Campaign

Junior Chamber to Usher in Paint-up and Clean-up Week Saturday

The first invasion of tourists to Victoria will be greeted with a spotlessly clean city if the Victoria Junior Chamber of Commerce's paint-up and clean-up campaign has its desired results.

At a meeting last night of the Junior Chamber of Commerce committee struck to handle the campaign it was decided to usher in the city-wide beautification week on Saturday. It will continue until the following Saturday.

During that week the co-operation of all citizens will be sought. Officials of the chamber point out that Victoria has attained a reputation of being one of the most beautiful residential cities on the North American continent and feel that every resident should do his utmost to see that this reputation is upheld.

Citizens will be asked to brighten drab and unkempt houses with paint, beautify their gardens and attend to other general repairs that will aid the beautification scheme. Support from the city will be sought in having the streets brushed clean of debris and boulevards relieved of a burden of waste paper.

Citizens not wishing to undertake the work themselves are advised that there is ample labor available to do the numerous odd jobs that come under the scope of the campaign and are urged to utilize this opportunity to help the unemployed. Workers may be secured by phoning E1931 for women and G2411 for men.

Mayor Andrew McGavin this morning endorsed the Junior Chamber's paint-up and clean-up week and in a letter praises the organization for its fine work in community work. His Honor's communication in part reads: "There is a good deal that could be done to make our city a cleaner and brighter place in which to live and if all our citizens will get behind your campaign it will mean not only more beautiful homes but may also be the means of providing much needed employment."

Support to the campaign has been promised by the St. Mary's Boy Scout Troop of Oak Bay. That troop has made arrangements to assist homeowners in Oak Bay who have garbage to dispose of as asked to phone Jack Fawcett, scoutmaster, at G 1000. Scouts will call.

W. C. McEwen is chairman of the committee in charge of the campaign. Other committeemen are: George Beck, W. P. Lawson, A. M. Hall, R. B. Fox and Norman Foster.

France Means To Keep Pledges

PARIS (CP-Havas)—France today advised Germany that French pledges to defend Czechoslovakia meant exactly what they said and exhorted the Reich government to "normalize" its relations with that country in order to relieve international strain.

Foreign Minister Joseph Paul-Boncour received German Ambassador Johannes von Welczek to make this statement to him in the name of the French government. He said he hoped the Reich, animated by a desire for peace and to that of the French cabinet, would bring about normalization of German-Czechoslovakia relations.

The German envoy expressed interest in the French communication and said he would send it on with a special note drawing his government's attention to it. He also expressed the hope France would use the authority deriving from its alliance with Praha to facilitate a peaceful arrangement.

Disastrous If Dominion Split

Disunity Would Ruin Country, W. C. Campbell Tells Rotarians

"If after 70 years of Confederation, some of the provinces of Canada should decide to continue alone, it would be the greatest disaster which could ever befall the Dominion," W. C. Campbell, president of the Oil Producers' Association of Alberta, declared to members of the Rotary Club today at luncheon.

During the course of an enthusiastic address on oil production and problems Mr. Campbell said, "Oil is most vital for industrial development. The great resources of oil in Canada will be a blessing to future generations if it is properly controlled. The breadth of vision used in its preservation at the present time will determine the result."

Mr. Campbell regarded the development of the oil fields of Alberta as the most important event in Canadian history since the Confederation. The first oil found in the Dominion was discovered in the Turner Valley in 1914, but it was not until 1924 that development really got under way.

"Due to recent development, a public utility controlled pipeline will carry oil right into the city of Calgary. It will have a potentiality of 24,000 barrels each day." Seventy-five million dollars to \$100,000,000 was invested in 267 wells in the Turner Valley field, the speaker said.

Mr. Campbell estimated the field reserve in Alberta at 50,000,000 barrels.

More Rain Than Usual in March

Mean Temperature One Degree Above Normal; 140 Hours of Sunshine

March was a wet month with more rain and less sunshine than usual, according to the statistics of the Dominion Meteorological Bureau here.

The mean temperature for the month was 45 degrees, one degree above normal. Maximum temperature of 57 degrees was recorded on March 13 and a minimum temperature of 32 on March 29.

On the ground the mercury sank to a low of 24 degrees yesterday.

The rainfall during the month amounted to 2.62 inches, which was 0.34 inches above normal. Sunshine was 13 hours below normal with only 140 hours recorded.

Shawigan Lake

Under the direction of Mrs. W. Ed Dels the Shawigan Lake Junior Dramatic Club gave another successful entertainment in the S.L.A.A. Hall last week. The title of the play was "An Arizona Cowboy," and attractive scenery was painted by Frank Bell. During the intervals Leonard Weaver of Duncan contributed typical cowboy songs and a piano monologue. The followings were the members of the cast: Misses V. Norland, K. Massey, M. Lamb, J. Wicks, E. Powell and E. Ed Dels.

OBITUARIES

CANON J. W. FLINTON

Funeral services for Canon J. W. Flinton, who passed away yesterday evening in St. Joseph's Hospital, will be held Saturday afternoon at 2 at Christ Church Cathedral, preceded by requiem at 10.30 at the cathedral. Interment will be in St. Luke's Churchyard, Cedar Hill. The body is now at Hayward's B.C. Funeral Parlor.

ROBERT BAIRD

Robert Baird, aged 68, dropped dead, spade in hand, while working in the garden at his home at 336 Vancouver Street yesterday afternoon. A resident of Victoria for some years, he was an accountant by profession, but in recent years had given his time over to writing. He came to Canada in the course of a lecture tour and remained in the Dominion. He is survived by his widow in Victoria. Funeral arrangements are in the hands of Hayward's B.C. Funeral Parlor.

ELLA WILLIAMS

Many friends gathered at McCall Brothers' Funeral Home yesterday afternoon to pay tribute at the funeral of Ella Williams. The service was conducted by Rev. C. D. Clarke. The hymn, "Lead Kindly Light" was sung by the congregation, and the solo, "In the Garden," by George Guy. Interment was in the family plot at Ross Bay Cemetery. The pallbearers were E. F. Burton, K. Cameron, W. P. Haskell and P. L. Haskell.

MRS. MARGARET HARRIS

A wealth of flowers at the funeral service yesterday afternoon at S. J. Curry and Son Funeral Home marked the esteem in which Mrs. Margaret Harris was held by her many friends. R. J. C. Were officiated. The hymn, "Shepherd, Show Me How to Go" was sung. The burial took place in the family plot at Royal Oak, with Stanley Baker, Gordon Harris, R. D. Jones, H. Broadbent, A. Speers and W. Sylvester as pallbearers.

CHARLES D. HENDERSON

There passed away this morning at the Royal Jubilee Hospital Charles Duncan Henderson of Campbell River, aged 25 years. The late Mr. Henderson was born at Rock Bay, B.C., and is survived by his widow, Irene, and an infant daughter, also his father at Granite Bay, B.C. The remains will be forwarded Friday morning to Campbell River where funeral services and interment will be made. S. J. Curry and Son have charge of the arrangements.

Presentation To Oak Bay Deputy

Sincere wishes for his success as deputy chief of the Oak Bay Fire Department were extended to Chief Newall by his fellow members of the Victoria department, and Chief Alex Munroe at a presentation ceremony in headquarters yesterday.

Making the presentation, a copy of the fire chief's handbook, Chief Munroe spoke of Mr. Newall's faithful service on the city department. He expressed regret at losing a valuable member of the force, but hoped Mr. Newall's new field of duty would prove enjoyable to him.

The retiring member was congratulated by members of the department following the event, during which he received an illustrated address.

Messrs. C. Page, D. Smith, M. Wicks, R. Wicks, D. Bell and H. Mason. Following the play a dance was held.

G. KITCHENER SENT TO JAIL

Six Months For Possession of Stolen Clothes; Second Charge Dismissed

George Kitchener was sentenced to six months' imprisonment with hard labor by Magistrate Henry Hall in the City Police Court this morning on a charge of having possession of a suit stolen from K. C. McCannell.

On a second charge of breaking and entering the manual training shop at Boys' Central School and stealing a quantity of wood-working tools, Kitchener was dismissed when Magistrate Hall upheld the motion of P. J. Sinnott, defence counsel, for dismissal.

The tools found in the accused's possession were ordered held pending any claim on them by Kitchener. This action followed identification of the tools by a manual training instructor. The charge alleged theft of the tools when the school was entered in February, 1936, and in dismissing the charge Magistrate Hall said he was following the usual court procedure where such a long period had elapsed before the charge was laid. Prosecution evidence was that Kitchener had taken the tools to his home a year ago.

SEEK AID FOR ROAD TO PEACE

Monkman Pass Advocates Told Government Has No Funds Available Now

The provincial government is devoting its road expenditure to the improvement of existing highways and has no funds available for new roads at present, Hon. F. M. MacPherson, Minister of Public Works, informed a delegation of the Monkman Pass Highway Association yesterday afternoon.

Mrs. Art Hazard-Smith of Wembley, Alta., and Francis Murphy of Pouce Coupe, met the minister and asked for government assistance on the road project which settlers have undertaken to give the Peace River block an outlet to the coast by linking Wembley with the B.C. road system at Prince George.

They described how school and other organizations were putting on teas and entertainments to raise funds for the road. The men from different districts are donating so many weeks' work to push the highway through.

The delegation urged that the Monkman Pass route was the shortest and had the best grade for an outlet from the Peace River.

It is roughly 175 miles from Wembley to Prince George, most of this lying within British Columbia. The section between Prince George and Hatzic is already being constructed by the government as part of its general road system.

Mr. MacPherson listened to the delegation's proposals, but replied no assistance could be given now.

"We have requests from all over the province for new roads," he said. "At present, however, we are concentrating on putting our present roads in first-class shape."

Nonappearance Arrest Ordered

Two persons who failed to appear when summoned in the City Police Court were ordered arrested this morning by Magistrate Henry Hall upon satisfactory proof being given of the service of the summons.

The two men were William Bellew, charged with failure to pay the road tax, and W. J. Fidler, summoned on charges of passing a street car that was stopped for discharging or taking on passengers and failing to have a driver's license.

Conestoga Wagon German Vehicle

A Conestoga wagon for which the pageant committee of the San Francisco World Fair is searching but which it omitted to describe is a type of covered wagon peculiar to the Pennsylvania Germans, according to Mrs. Elmore Philpott, Cavendish Avenue, who herself is descended from Pennsylvania Germans.

There is a book called Conestoga Wagon which describes this cart and also the migration it effected. Mrs. Philpott said the Conestoga wagon looked very much like the covered wagon but was drawn by four horses. It was used by the Pennsylvania Germans in their migration to

Timbers of Razed Hudson's Bay Building Are Turned Into Paperweights

The timbers of the old Hudson's Bay warehouse on Wharf Street which was torn down last year have been made into paperweights by the H. R. MacMillan Export Company Limited, Vancouver, and sent to all parts of the world.

One of these paperweights was received by the Times this morning. The wood was flawless and like new despite the fact that it had done service for almost 30 years.

The timbers of the warehouse were all made out of Vancouver Island Douglas fir. The building was erected in 1859 when the City of Victoria was Port Camosun and the province of British Columbia was divided into two crown colonies of Vancouver Island and British Columbia.

The warehouse stood during the most interesting time in the history of the Pacific Coast. The Union Jack of Great Britain gave way to the stars and stripes of the United States in Washington and Oregon. Alaska was bought from Russia. Confederation too place. A trans-continental railway was completed. And great cities began to grow in British Columbia.

The building was torn down in 1937.

The Chinese water chestnut would probably become popular as a green vegetable in America if a knife were available for peeling it quickly.

BATTLESHIPS TO BE BIGGER

U.S. Declares Its Plans;
Britain to Issue Note in
Similar Terms

WASHINGTON (CP) — The United States formally notified Great Britain and France today of its intention to build battleships larger than 35,000 tons.

Secretary of State Hull sent notes to this effect to the British and French embassies and the Canadian legation.

The text of the notes will be made public tomorrow.

The government here was expecting a British note of the same character during the day.

A French note also is awaited, but this, an informed source said, will state France's intention to abide by the 35,000-ton limit.

The United States note set forth that a power outside the London naval treaty—Japan—raised the presumption, by failure to answer the February note of this government, that it was building or intended to build battleships larger than 35,000 tons.

The note does not propose a new tonnage limit for super-dreadnoughts. That will be left to further negotiation.

It was disclosed that cruisers were not mentioned in the note to Britain and France. The United States note to Japan specifically asked whether that country was building cruisers of more than 8,000 tons, the limit set by the London naval treaty.

When Japan's unsatisfactory reply was received, naval officers said the United States would build larger cruisers in consequence. But today it was learned the question of cruisers had not been discussed at the London conference.

This was because, it was said, these powers have not had information that Japan is building larger cruisers, although they have had information with regard to bigger battleships.

SEVENTH DEATH CAUSED BY SERUM

(Continued From Page 1)

'I wish the serum "I would not hesitate to inject it into my own body if I became afflicted with a cancer."

All 11 cancer sufferers had been given injections at Dr. Neal's clinic. The bottle was given to the federal food drug administration for investigation of the contents and Dr. J. J. Durrett, chief of the drug division, said all Ensol in the country would be seized pending a final report from investigators.

Dr. Hay, president of the Orange County Medical Association, said additional tests would be necessary to learn definitely whether the victims were stricken

with tetanus. The symptoms were identical, he said.

EXPERTS AT KINGSTON

OTTAWA (CP) — The Department of National Health said today three of its experts were working in the Kingston, Ont., laboratory of Dr. Hendry Connell, seeking to help him trace source of virulence in Ensol serum, believed to have killed seven women in Orlando, Fla.

The department said the men had been sent to co-operate with Dr. Connell and a representative of the United States Department of Health to trace source of the virulence, a task it expected would be difficult.

CARDENAS IS GIVEN SUPPORT

New Party in Mexico But
Split in Congress on Oil
Seizure

MEXICO CITY (CP) — A new "party of the revolution" was formed today to carry on the nation's Mexico for Mexicans' program, looking toward a socialist state.

The new party of laborers, farmers and soldiers is an intensified government party, taking over the organization of President Cardenas' former National Revolutionary Party.

Barba Gonzalez, head of the old party, was named president of the new.

Its proposed platform, presented in convention Wednesday night, carries a call for "progressive nationalization of big industry" (like expropriation of the \$400,000,000 foreign-owned oil industry).

The taking over of the oil industry from 17 United States, British and Netherlands owners brought vigorous United States representations a couple of days ago, asking how Mexico would pay indemnity, and today there were indications of a possible split in Cardenas' hitherto solid congressional support.

A special session of Congress will take up the oil question April 11. It was ascertained that before then at least 10 senators were preparing to ask the President how Mexico would find foreign markets for the oil; what the government would do about the mining industry, likely to be hard hit by United States suspension of silver purchases; and a drop in the world price, and how Mexico would pay for the oil properties.

Rail Shopmen To Continue Work

OTTAWA (CP) — There will be no layoff of shopmen of the Canadian National Railways in the western or central regions, it was announced in the House of Commons this afternoon by Transport Minister Howe.

Dr. Hay, president of the Orange County Medical Association, said additional tests would be necessary to learn definitely whether the victims were stricken

Wheat Tumbles Another 2 Cents

WINNIPEG (CP) — Winnipeg wheat futures and cash prices tumbled more than 2 cents today. Profit-taking and lower outside markets caused futures to "drop" while in addition lull in demand caused cash spreads to narrow.

Futures closed 2 1/4 to 1 1/2 cents lower, May 12.00, July 11.00, and October 8.50 to 8.75 cents.

Large premium advances for top grades of Canadian wheat Monday encouraged enlarged farmers' deliveries. No. 1 northern premium fell 3 cents yesterday and 2 today to 24 cents above the May future while No. 2 declined 4 yesterday and 3 today to 14 cents premium. No. 3 grade was at a discount of 5 cents, basis May future. Durums were a cent better.

The May wheat future showed an advance of 6 cents at the open today but profit-taking followed reports of precipitation in western Canada and the United States. Even fears of frost in the U.S. southwest failed to check scattered selling. Weakness in stocks at the close caused additional sales.

Only a small export business in Canadian wheat and rye could be confined today.

Liverpool closed 1 1/4 to 1 1/2 lower, reflecting declines of North American Markets yesterday, poor demand for wheat and lower Australian offers. Rains in the Argentine replenished sub-soil moisture there and Buenos Aires futures slumped fractionally.

Coarse grains averaged lower but rye, supported by export firms, moved 1/2 higher in local dealings.

Old Springtime Customs

Spring has come! At least the calendar tells us it came last week. In some parts of the continent, the grass and trees have new leaves. In other parts, the weather has not been so good, and weeks will pass before nature's new spring dress is ready.

Spring fire festival in Zurich.

In the north temperate zone, there is widespread joy at this time of the year. In some places people gather in crowds to celebrate in one way or another.

A custom in central Europe is to make a effigy, or image, of winter and to destroy it in one way or another. Usually the image is in the shape of a man and is made of cloth stuffed with straw. In a section of Poland, it is taken to a river or pond and thrown in—so it will "drown."

In some country districts of southern Germany and in Switzerland, a straw man called "Death" is placed on a pole and carried into the field. Young men and women dance around the figure, then rush at it and tear it to pieces. The pieces are tossed in a heap, the pole is broken up, and a bonfire is started. In that way, winter is burned.

In England, on Shrove Tuesday, there are ball games and other contests. These are said to have something to do with springtime, even though they take place before spring starts.

Shrove Tuesday also has the merry name of "Pancake Day." When the day comes, the boys of Westminster school gather for an event known as "throwing the pancake." At 11 in the morning, the school cook enters a room where 20 boys, chosen for the contest, are waiting.

The cook carries a pan with just one pancake in it. Soon after coming into the room he tosses the pancake over a beam and the boys try to catch it. The one who succeeds, or who gets the biggest piece, earns a reward—a prize of 21 shillings.

Many men and women visit Westminster school to see that contest. A few years ago it was watched by King George V and Queen Mary.

HOROSCOPE

Friday, April 1, 1938.

Surprisingly good aspects rule today, according to astrology. It is a day most auspicious for the ambitions of women.

Beginning early in the morning heads of households should use their best energies in adjusting family affairs and in looking after personal matters.

It is a promising day for entertaining and for advancing social interests. Girls may be lucky in extending their acquaintances with influential persons.

Although it is Friday there is a good luck sign for all who plight troth. Weddings are well directed under a sign that presages few quarrels and many happy days.

Whatever is constructive in aim or in practical attainment is subject to stimulating and favorable influences. It is pre-eminently lucky for home building, but temptation to be extravagant in plans should be overcome.

Trade should be profitable to-day, and merchants will reap abundantly from spring buying that in certain lines reveals reckless expenditures. Purveyors to women's wants will realize large profits.

Persons whose birthdates it is have the augury of a year of much pleasure and new friendships. For the young courtship is forecast.

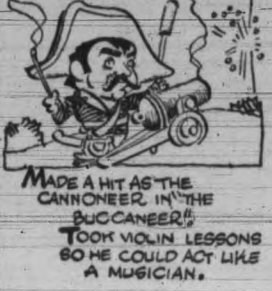

Children born on this day probably will be kindly in nature and lovers of beauty. Many subjects of this sign have artistic talent. Otto von Bismarck, first Chancellor of the German Empire, was born on this day, 1815. Others who have celebrated it as a birthday include Edward A. Sothorn, actor, 1826; George Hugh Lee, manufacturer, 1881.

PRAIRIE FOLK GOLFING HERE

World Travelers Also Arrive
to Take Ss. Empress of
Canada on Saturday

A number of people from the prairies have registered at the Empress Hotel in recent days and while their home towns are being swept by the most severe blizzards of the winter they are enjoying golf and sunbaths in Victoria.

Several people from eastern parts of the United States, driven out of California, where they had been spending the winter, by floods, have also reached Victoria and are pausing here until winter is definitely over in the east.

People from many parts of the world are arriving at the hotel, to await the departure, Saturday, for Honolulu and the Orient of the Canadian Pacific liner Empress of Canada.

Prairie people at the hotel include Mr. and Mrs. W. J. Coe of Calgary; Mr. and Mrs. N. C. Byers of Regina; Mrs. R. N. Denniston and Miss Denniston of Winnipeg; Mrs. D. G. Mouldie and Miss Mouldie and Mrs. J. Donahue of Calgary.

Mrs. T. A. Hiam of Vancouver is at the hotel with her house guest, Miss Lois Martin of Sunningdale, England, and four young Vancouver debutantes, Miss Nancy Burns, Miss Jetty Jukes, Miss Joan Graham and Miss Barbara Burns.

Up-Island people registered to include H. L. Whittaker of Duncan; Col. C. W. Villiers of Cumberland; Mr. and Mrs. A. Leighton of Nanaimo; Mr. and Mrs. J. H. McIntosh of Bamerton; Mrs. H. Anderson of Duncan; Mr. and Mrs. Ross Pendleton of Port Alberni.

Waterfront Notes

The Canadian National Steamships have listed 16 sailings during the coming tourist season to Alaska ports from Vancouver.

The first departure will be June 13 and there will be sailings each Monday evening by the popular steamers Prince George and Prince Rupert, with arrivals in Vancouver Wednesday mornings. The flagship Prince Rupert will take five cruises, which will be longer than the regular trips.

A gas and whistle buoy has replaced the whistle buoy at the entrance to Hesquiat Harbor, west coast of Vancouver Island. The new buoy is in 12 fathoms of water and shows a flashing white light, automatically flashed at short intervals.

Last of 1,400,000 feet of Vancouver Island lumber was being stowed this morning at Ogden Point aboard the British freighter Almora, prior to her departure this afternoon for London.

King Brothers expect the Imperial Monarch here tomorrow; the Moorley and Glenmore on Saturday; the Warkworth on Sunday and the Stonegate sometime over the week-end.

Discharge of cargo for Victoria aboard the American Mail liner President Jackson will commence as soon as the ship is alongside the Rithet piers shortly after midnight from the Orient. She will proceed at daybreak to Seattle.

SHIP PLANS FOR EASTER

Coast Service Plans Extra
Trips; Excursion Here
From Vancouver

Extra services on the Vancouver-Nanaimo and Vancouver-Gulf Islands runs, and a special excursion trip on Good Friday from Vancouver to Victoria and return are being offered for the Easter week-end by the B.C. Coast Service.

The Vancouver-Victoria excursion will be handled by Ss. Princess Elizabeth, leaving Vancouver at 9 a.m., arriving Victoria at 2 p.m., leaving Victoria at 5 p.m., and returning to Vancouver at 10 p.m.

Low week-end fares will be extended for the Easter week-end, good on all sailings Thursday, April 14, to Monday, April 18, for the going trip, with limit for the return trip to Tuesday, April 19. For teachers and students the same low fares are available over a longer period—March 31 to April 19 for the going trip, up to April 26 for the return trip.

The following extra services have been lined up to handle the holiday traffic: Vancouver-Nanaimo route: Thursday, April 14, regular sailing of Princess Elaine from Vancouver at 5:45 p.m. will be delayed until 6:15 p.m.; Monday, April 18, Princess Elaine will make an extra trip from Nanaimo at 8:30 p.m., arriving Vancouver at 11 p.m., leaving Vancouver at 11:30 p.m., and returning to Nanaimo at 2 a.m.

Vancouver-Gulf Islands route—Monday, April 18, the Princess Kathleen from Victoria at 1:55 p.m. will top off Portlock Point about 3:45 p.m. to pick up passengers from launches, en route to Vancouver. Passengers desiring to take advantage of this service will have to make their own arrangements from Gulf Island ports to Portlock Point.
